

Staff Organization

The mission of the Staff Organization, which operates as a library staff committee of cross functional positions, provides opportunities and programs for RPL staff members in three categories:

- 1. Philanthropic**
- 2. Social**
- 3. Educational**

Every employee is eligible to participate in activities planned by the Staff Organization. The goal of the Staff Organization is to present three activities in each area per year. Each employee may attend one Staff Organization activity per year on work time.

The budget for the Staff Organization is through the proceeds of vending machine sales. Additional funding is obtained through Friends' grants or Operational Objective requests as appropriate. The Staff Organization may continue to generate revenue through "Casual Days", "Greasepit Luncheons", and other events. These funds will underwrite other activities and events. Each employee may attend one Staff Organization activity per year on work time.
