Many times you have read an advertisement in Prairie Farmer of something you would like to buy, but you did not know where to find the store that sold it. You decided to look for this article when you were next in town and you tried several stores without finding it. Then you gave up in disgust. A two-cent stamp or a postcard addressed to the manufacturer saying "Please advise me who handles your goods in my town. If you have no dealer in my town, give me the name and address of your nearest dealer", would get you accurate information by return mail. Try it. It works and saves time.
