When you go into a store to buy shoes, say to the clerk, "I want a pair of— shoes". Don't say, "I want a pair of shoes". If you name a brand of shoes you know will give you satisfaction, you not only say you want shoes, but you know about what you want. A clerk will always give closer attention to a customer who knows what he wants. It is human nature. The clerk will be more likely to give you satisfaction, even if he does not have the make of shoes you ask for, because he will know better what to show you, if you are willing to consider another make.

Almost everyone in Illinois knows the Lazy Farmer. Thousands of Illinois farmers laugh over his songs in Prairie Farmer every two weeks. You are missing a treat if you are not a reader of the Lazy Farmer's sayings.
