Foreword

The purpose of this annual of the class of 1924 has been to unify our ever enlarging school life by picturing many of the students and faculty, by recording the activities of the various organizations, and by writing down brief histories of some of the more notable of our accomplishments.

Dedication

The Class of 1924 dedicates this annual to Athletic Director Charles A. Beyer, who is held in high esteem both by students and townspeople; with unselfish endeavor he has elevated the plane of young manhood in our school by developing good habits and encouraging high ideals.

Crossing the Bar

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

"Allie"
Classical Course.
Student Council, 1; Biology Club Treasurer, 2; A.B.L., 3; Debate, 3, 4; Owl, 4.

AHLGREN, MARGUERITE LINNEA

Mixed Course.
Football Lightweight, 2, 3; Heavyweight, 4; Captain Lights, 4; Basketball, Lights, 2, 3; Ag. Club, 1, 2; R.O.T.C., 2, 3.
Paul is the most fearless fighter in R.H.S. and to him is given due admiration for his athletic ability. He is so downright fine and straight that everyone likes him and wishes him all the success in the world.

ANDERSON, CLIFFORD REINHOLD
"Andy"
Commercial Course.
This quiet young man must be questioned before he will tell what he knows. Clifford is a good student. Swimming is his hobby. His friends feel that his acquaintance has been worth the winning.

ANDERSON, DAVID TURNER
"Dave"
Mixed Course.
Football, 1, 2, 3, 4; Basketball, 1, 2, 3, 4; Track 2, 3, 4; Hi-Y Club, 4; Captain Lightweight Football Team, 3.
Do we remember Dave's hair? We do. And that smile! Dave has been an all around athlete star through his High School career, and he is also a good student. The school is losing one of its firm backers when Dave graduates.

ANDERSON, ELMORE CARL
"Fatt"
Scientific Course.
Drama Club, 3; Cheer Leader, 3, 4.
Elmore's work as cheer leader has been much appreciated and we know good old R.H.S. will miss him. He has a sense of humor and we hope he won't lose it.

ANDERSON, EVA LENARE
"Eve"
Commercial Course.
Chorus, 1, 2, 3; Glee Club, 4; Library Club, 4.
Eva likes a good time and does full justice to one on every occasion. The boys all seem to think she is a pretty fine girl. Can't you just hear everyone saying, "so do we all?"

ANDERSON, HARRY A.
Mechanical Course.
You know Harry never bothered much with the members of the fairer sex but then you see he never said outright he was a woman-hater. He is getting better looking every day and he'll break some heart yet.

ANDERSON, KARL WILLIAM
"Kully"
Mixed Course.
Band, 2, 3, 4; R.O.T.C., 3, 4.
Karl is not very large and when he's with the band we can hardly distinguish him as an upper-classman, although a closer view of him shows that intelligent look which comes only from hard work.

ANDERSON, MILDRED FLORENCE
"Millie"
Commercial Course.

Chorus, 2, 3, 4.

Here is one of our fun-loving girls. "Millie" always tries to see that everyone has a good time. She has been a member of the chorus for three years. Mildred has many friends and makes more every day.

ANDERSON, MYRTLE D.
"Myrt"
Mixed Course.

French Club 1, 2; Booster Club.

We have never seen "Myrt" without a sweet smile. She is always happy and has a cheery word for everyone. We all will surely miss her sunshine because, you know, it shone for all who crossed her path.

ANDRESS, LYNORE ETHYL
"La"
Classical Course.

Dicken's Club, 1; A.B.L., 3, 4; Drama Club, 3, 4; French Club, 4; Library Club, 4.

Lynore is a girl whom we all prize as a friend. She is a good student, an all around and dependable girl. Seldom are these qualities found in one person; but seldom do we meet such a true friend. We wish you success, "La."

ANDREWS, HENRY C.
Mixed Course.
"Hank"

Lightweight Football Team, 2, 3, 4; Hi-Y, 4.

He isn't afraid of anything or anybody on a football field, but watch him run when a girl smiles at him. Nothing gets away from him in the study line either. Nice going, Hank.

APPLEQUIST, RAYMOND F.
"Ray"
Commercial Course.

You've all heard, "he may be short in stature but he's longer on credits." Right-O, we say. Although he doesn't say much, he's full of ideas and he's just waiting for the accepted time.

ARCHER, EUGENE JOHN
"Red"
Mixed Course.

Football, 4; R.O.T.C., 2, 3, 4.

"Red" Archer went out for football and all the students appreciated his efforts. He always worked with a will and a never-give-up spirit. We say "that's the stuff." He represents the big heavy-set athletic type of youth.

ARMSTRONG, JACK
Mixed Course.

R.O.T.C., 3, 4; Latin Club, 3, 4; Hi-Y Club, 4; Owl, 4; Track, 2, 3; 8-5-3 Club.

Here is a gentleman of worth. A man not afraid to work and who can be courteous and friendly too. We particularly remember his work, as reporter on the Owl Staff.

ASPROOTH, VERNET J.
"Net"
Mechanical Course.

R.O.T.C., 2, 3, 4; 1924 Club; Spanish Club, 2, 3.

Vernet is one of those fellows who is always popular with the girls. He adds a lot to our landscape here in R.H.S. and he works his brain once in a while. When he does there are tremendous results.

ASPROOTH, WESLEY V.
"Kootch"
Mixed Course.

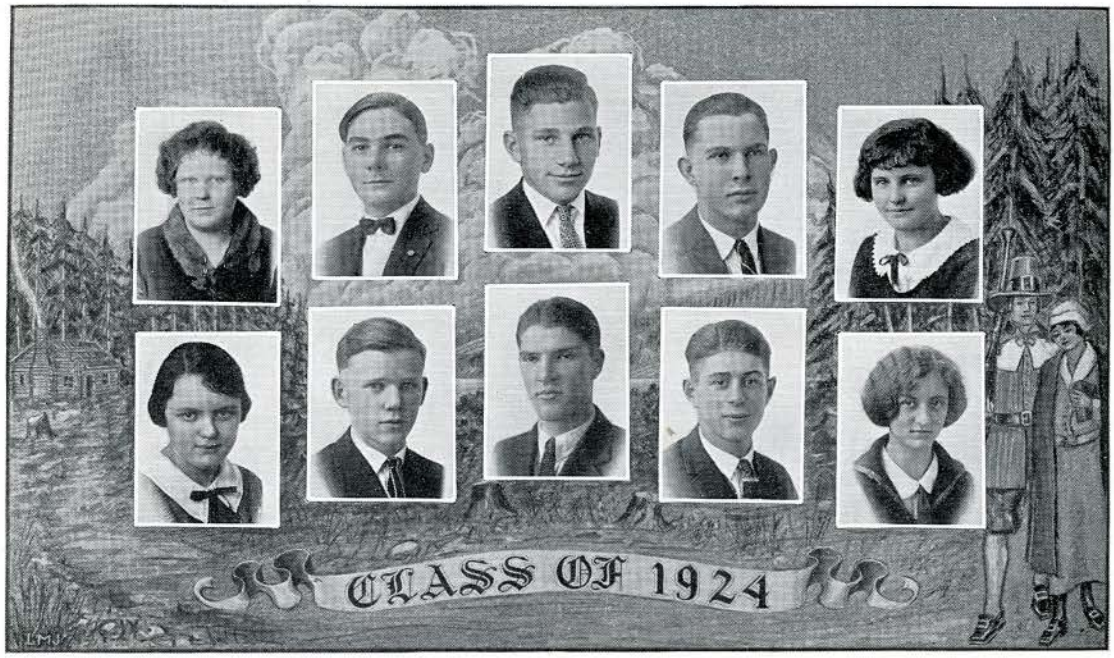

Spanish Club, 3; 1924 Club, 4; R.O.T.C., 2, 3, 4; Cadet 2nd Lieutenant Co. D, 4; Cadet Captain Co. B, 4; C.M.T.C., Camp Custer, 3, 4.

"Wes" is the life of any party for, without him, one is never complete. He is an imposing looking personage, with those leather puttees and thaat khaki uniform. His lessons, if not his first thought, are always his second.

ATWOOD, PHILIP TROWBRIDGE
"Phil"
Mixed Course.

Band, 1, 2, 3, 4; Drama Club, 4; Philo, 1, 2, 4; Dickens Club, 1, 2; R.O.T.C., 2, 3; Monitor, 3.

Phil is one of our well known students. He is always seen at the games and is an active member of the band. He is also seen at school dances; and he usually sees that the ladies are well entertained.

BALSLEY, ESTHER CAROL
"Ann"
Commercial Course.
Drama Club, 1, 2, 3; Glee Club, 1, 2, 3; Biology Club, 3, 4; A.B.L., 3; Owl, 2; Property Manager 1923 Class Play.
One of the things that Esther can do better than anyone else is "speaking." She has many fine readings which she'll give if you only ask her nicely. Yes, she can sing, too. Esther always does fine school work.

BARTHOLOMEW, JEAN GEDDES
Mixed Course.
R.O.T.C., 2, 3, 4; Rifle Team, 2, 3, 4; Ag. Club 2; Cadet Major, 4; Assembly Committee, 4.
As the highest cadet officer he has made himself very popular with the cadets and other students. His popularity and high standing are perhaps due to the fact that he never gives up.

BARTLETT, UPTON ELLIOTT
"Upty"
College Preparatory Course.
Student Council, 1, 2,; Philo, 3, 4; R.O.T.C., 2, 3; French Club President, 4; Hi-Y, 3, 4; Treasurer, 4; Annual Staff, 4; Swimmming, 3, 4; Tennis, 4.
Everyone is well acquainted with "Uptie" through his tennis and swimming record. Much of the success of the advertising in the Annual is due to his work.

BAUGHMAN, KENNETH CLARENCE
"Ken"
Mixed Course.
R.O.T.C., 2, 3, 4; Wireless Club, 2; Philo, 3, 4; Owl, 4; Student Council, 4; President Boys' Student Council, 4; Captain Co. D, 4; Secretary Philo, 4; Booster Club, 4; Student Handbook Committee.
"Ken" is seemingly so quiet and reserved that few know him intimately. He has been an active member of many organizations.

BAXTER, ALICE LORETTA
"Ben Bolt"
Mixed Course.
Glee Club, 1, 2; A.B.L., 3, 4; Spanish Club, 3; 8-5-3 Club, 4; Drama Club, 3, 4.
Never just talking, but always saying things worth while, is Alice. She agrees with the rest of us that Senior subjects are no snaps, but she will be with us when we leave. Rah! Rah! Alice!

BECKETT, LYDIA W.
"Lyd"
Commercial Course.
Amazons, 4.
Here is one girl who will be missed by the faculty and students when she leaves. She has never failed to come up to our high expectations and as a result she has the good will of everyone wherever she goes.

BECKMAN, LOUISE CHARLES
"Becky"
Mixed Course.
A shy little fellow who seems to shun the opposite sex. But, then, maybe, his being one of the very few boys in stenography classes might have something to do with it. He tackled his work with a vim.

BECKNELL, HENRY FREDRICK
"Hank"
Mixed Course.
Lightweight Football Team, 3; R.O.T.C., 3, 4; Ag. Club, 1.
Henry is one of the R.O.T.C. and has a great many friends in R.H.S. He doesn't care for social affairs, at least we never see him at the school parties. He is a mighty fine fellow just the same.

BEHR, LOUIS
"Lulu"
Commercial Course.
Lightweight Basketball, 1, 2; Heavyweight Basketball, 3, 4; Captain Heavyweights, 4; Hi-Y, 3; Vice President, 3; Senior Class President.
Besides being an illustrious leader in athletics of '23 and '24, Louis has been one of the most active members of the Senior Class, socially and scholastically. All who know him—Alumna and students—wish him success.

BENNETT, CATHERINE R.
College Preparatory Course.
Girls' Student Council, 1; Drama Club, 2; Owl Staff, 3, 4; A.B.L., 3, 4; Vice-President A.B.L., 4; Booster Club, 4, Dicken's Club, 1.
We needed a leader and we had one among us. A school supporter is she in every sense of the phrase. As president of the A.B.L she has shown her ability to make a success of anything she undertakes.

BERGLUND, ROBERT
"Rob"
Mechanical Course.
R.O.T.C., 2, 3, 4; Rifle Team, 3, 4.
Bob was a frequent visitor to our library and we believe that's the reason he always was an all around good student. He's a member of the Rifle Team.

BEYNON, EFFAY LEORA
"Skeezi"
College Preparatory Course.
Glee Club, 1, 2, 3, 4; Vice-President, 4; Dicken's Club, 1, 2; President, 1, 2; Annual Staff, 1, 4; Student Council 1, 2; A.B.L., 4; Drama Club, 4; Life Saving Corps, 3, 4; Amazons, 1, 2; Basketball Team, 1; Play "Nevertheless," 1.
Effay's demure personage and petite stature are delightful. You have difficulty in seeing her unless you happen to be very tall and can see over her circle of male admirers. She will long be remembered by us.

BLACK, NAOMI LOCKWOOD
"Na"
Business Course.
Latin Club, 3; Tri-Y, 4.
Naomi is a girl who believes in saying, "a thing done right today makes less trouble to-morrow." She has carried this out to a "T" for she has never been among the number who lacked complete work.

BLACKMAN, ALICE F.
"Allie"
Mixed Course.
Dicken's Club, 1, 2; Library Club, 4; Vice-President Library Club, 4; Annual Staff, 4.
Some people find their greatest happiness in the pursuit of knowledge—others don't. We all know to which class Alice belongs. Alice, as a member of the Annual Staff, has done much toward making her section a success.

BLACKMAN, RUTH O.
"Treas"
Classical Course.
Dicken's Club, 1, 2.
These are the Blackman sisters, but as unlike as two people can be Have you ever seen Alice casting forbidding eyes on the impetuous actions of her more fun-loving sister? They are lovely girls and we love both.

BLAKELEY, GRACE DOROTHY MARIE
"Bebe"
Mixed Course.
Amazons, 1, 2, 3, 4; President, 3; Secretary of Amazons, 2; Drama Club, 4; Life Saving Corps; Booster Club; Booster Committee.
"Bebe" is another one of our athletes. She is one whose ready smile and cheery good humor lights up the dullest class room. She is very active and surely has school spirit.

BLOMBERG, CHARLES R.
"Chuck"
Mechanical Course.
Dicken's Club, 1; R.O.T.C., 1, 2, 3.

"Bob"
Classical Course.
Student Council, 1; Latin Club, 3; Philomathean Literary Society, 4; R.O.T.C., 1, 2, 3; Booster Club, 4.
We think that perhaps "Bob" has outgrown the nickname of "Sister" so after this we must call him "Bob" or Mr. Hand. He made a very good substitute history teacher. The khaki uniform was not amiss.

HANSTINE, FAITH IRENE
"Tonie"
Mixed Course.
Owl Staff, 2, 3; Amazons, 2; Girl Reserves, 2, 3, 4.
Look at Faith and have a good laugh. Oh, boy, how we like that girl! She's always so full of fun that she just can't help radiating happiness wherever she goes. May you never have more troubles than you do now, Faith.

HARRINGTON, GERTRUDE JANETTE
"Gertie"
College Preparatory Course.
Paint and Palette Club, 4.
A very common sight in R.H.S. is Gertrude placidly eating her lunch with a volume of Cicero's orations propped up in front of her. One would think her digestion would suffer. You can't stump her on any question.

HARTMAN, TAYLOR FRANKLIN
"Harry"
Mixed Course.
R.O.T.C.; Dramatic Art; Track.

HAUGHEY, JANE
"Shorty"
Classical Course.
Annual Staff; A.B.L.; Biology Club, 2; Orchestra, 1, 2, 3, 4; Sponsor Co. C; Booster Club.

HAULEY, CLYDE WHIPPLE
Commercial Course.
No, we can't call Clyde exceedingly quiet though he might give you that impression at first. Clyde can have fun as his best friends know. When he laughs the joke is a very, very good one.

HENRIKSON, SEVED H.

Have you ever heard "Weezy" play and sing popular songs? Um—it's quite scrumptious and she's a Latin shark, too. She is also Vice-President of that flourishing organization the A.B.L. Keep up the good work, "Weezy."

JACKSON, CHARLES EMERY
"Chuck"
Mechanical Course.

JOHNSON, MILLICENT V.
"Mill"
Teachers' Course.

A.B.L., 4; Booster Club, 4.

JOHNSON, ROLAND WILHELM
"Rolly"
Mechanical Course.

Football, Lightweight, 3, 4.

It's very odd, but Rollie is truly bashful. He has a cunning little smile, and well, we noticed he didn't always wear his athletic sweaters himself. We felt sorry for him when he fractured his arm in football this season.

JOHNSON, RUTH HENRIETTA
"Rufus"

KIMBALL, FLORENCE DOLBEAR
"Sir"
Mixed Course.
8-5-3 Club, 4; Secretary A.B.L., 4.

"Bob"
Classical Course.
R.O.T.C., 2, 3, 4; Lieutenant, 4; Glee Club, 1; Student Council, 1; Football, 3, 4; Basketball, 4.
This modern Lancelot has an awful hard time keeping his social engagements straight. Perhaps that accounts for those faint wrinkles appearing on his young brow. Then again we should attribute them to strenuous taxation of the brain, shouldn't we, Bob?

KJELLSTROM, MARSHALL
"Pete"
Mechanical Course.
Football, 4; Swimming, 3.
What a serious-minded person is Marshall! He surely wouldn't be the one to break the silence in a crowd. They say he isn't so tongue-tied when he is with— He is the proud owner of this year's Lightweight football sweater.

LINDROTH, HELEN MAY
"Helen"
Mixed Course.

Dicken's Club, 1, 2; Lambda Kappa, 4.

LINDSLEY, ROBERT STONE
"Bob"
Mixed Course.

R.O.T.C., 2, 3; Student Council, 1, 2; Hi-Y, 4.

NELSON, CLIFFORD J.
"Clif"
Mechanical Course.

Library Board, 2, 3; Swimming Team, 3; Basketball, 4.

Everybody likes Bill even the faculty. We all know him as a fish—in the pool—in other words he is a fine swimmer. His athletic ability seems to be in the foreground because he is a basketball hero, too.

THELANDER, PERCY WILFRED
"Perc"
College Preparatory Course.

Band, 3, 4; Drama Club, 3, 4; Hi-Y Club, 4; Annual Staff, 4.

If you want an authority on any subject ask Percy. He has proved himself very efficient in the management of his department of the Annual. Percy may be serious in the classroom but he has a sense of humor.

THULANDER, LINNEA SYLVIA
"Linny""
Commercial Course.

Linnea is one of the attractive girls of the class of '24, although we can't say she is a second Venus. Linnea seems to have a heart and cheerful ways. She is one of the studious type.

TODSON, RUTH EILEEN
"Toddy"
Mixed Course.

A.B.L., 3, 4; French Club, 3, 4; Student Council, 4.

When you look at "Toddy" a well-known advertisment comes to your mind, "Keep your school girl complexion." She's always smiling and is very amusing. She surely makes a fine companion and friend.

TREADWELL, BURSON
"Buzzy"
Mixed Course.

Burson is a very likeable sort of young man. He is friendly, not because he thinks he must be, but because he likes to be. Burson likes to be out of doors and is especially fond of hunting and fishing.

TREFZ, WILLIAM ARTHUR
"Bill"
Mechanical Course.

R.O.T.C., 2, 3, 4.

Bill can drive a Ford—into a ditch. He should be careful and not imperil the lives of his friends. Bill has worked hard on chemistry and history (we have to, don't we, Bill?) and is coming out with shining colors.

TRUMBULL, EDNA
"Andz"
Mixed Course.

Drama Club, 3; Handbook Committee, 4; Class Color Committee, 4; A.B.L., 3, 4; Owl, 4.

Edna is going to be a great newspaper reporter, because we can tell from her glowing articles in the Owl that her ability along this line is good. She is constantly an Honor Roll student and a hard worker.

TURNROSE, BERTHA CHARLOTTE
"Bert"
Commercial Course.

Those who know her best admire the stability of her character. When we prick the bubble of her good nature, she will laugh heartily. Here's to all sorts of good luck for you, Bertha!

TWOMEY, JAMES CARLYLE
"Stable Sgt."
Mixed Course.

R.O.T.C.; Wireless Club, 3, 4; 8-5-3 Club.

In later years we are going to remember James in a military uniform for that is how we see him most. He is one of the radio "bugs" and a very hard worker in the Junior Press Club.

UDELOWISH, MORRIS BERNHARD
"Morry"
Mixed Course.

Philos, 3, 4; Business Manager Owl, 4; Debate, 3; R.O.T.C., 2, 3, 4.

Morris Udelowish is that streak that goes dashing 'round the halls on Fridays. Morris has a permanent wave. Wonder what beauty parlor he caters to? S'all right "Morry" you have given a lot to our school. We appreciate it, too.

VOLLAND, GIBSON
"Gib"
College Preparatory Course.

R.O.T.C., 2, 3, 4; Hi-Y, 3, 4; Football, 3, 4; Rifle Team, 3, 4.

We all know "Gib" as the brilliant end on our football team last year. There are just loads of other things we know him for, too, just a few of which are: athletics, scholastic record and courteous manners.

WALSH, ROLLO HERBERT
"Rolly"
Mechanical Course.

Swimming Team, 3, 4.

Yes, Rollo is our giant swimmer and diver. He, with the black curly hair, is this "tank shark." We're glad he is one to bring swimming into the limelight in R.H.S. No, he isn't one to neglect his studies.

WARD, LOIS FRANCES
"Lo"
Mixed Course.

A.B.L.; Library Board, 2; Dickens Club.

She is clever and pretty and an ash blonde. When she speaks the world listens. Quaint is her smile and pleasing her ways. She had a locker near Room 9 in her sophomore year. Remember?

WEIRAUGH, HELEN ELIZABETH
"Jane"
Mixed Course.

One of the best liked students of R.H.S. is Helen. She has a way of satisfying and pleasing everyone. It is often said that "He whom everybody likes, likes everybody." Helen was one of the first to have her hair bobbed.

WELLS, PAUL
Mixed Course.

Paul has been described as a typical blonde "Adonis." We hear a good word for him wherever we go. We know he is energetic and a hard worker, one of those persons whom we are going to hear from later.

WESTER, ELSIE VIOLET
"Al"
Domestic Science Course.

French Club, 3.

Elsie's blonde complexion and quaint manner have brought her many admirers. Now of course you all have a certain black-eyed boy in mind. Yes, we believe he is the chief one. Lucky, isn't he?

WHITMORE, HELEN IOLA
Mixed Course.

Helen has been characterized as a punctual, painstaking student. Wouldn't it be fine if there were more like her? Smile at Helen and she will give you a very pleasant smile in return. She leaves many friends in R.H.S.

WHITNEY, CLIFFORD ELLSWORTH
"Cliff"
Mixed Course.

Clifford's slogan seems to be, "If at first you don't succeed try, try again." and it has certainly produced very creditable results. We have found Clifford one who has many friends and he has proved to be an ideal one himself.

WILGUS, KATHARINE ANN
"Kay"
Classical Course.

A.B.L., 3, 4; Booster Club; Student Council, 4; French Club, 2, 3; Class Treasurer, 4; Lambda Kappa, 3.

"Kate" was surely a busy person with all her committees, clubs, offices and everythin'. She did her tasks up to a "T", too. We all enjoy her pretty smile and sparkling eyes. We see a future leader in Katharine.

WILLIAMS, GRACE DOROTHY
"Dayce"
Mixed Course.

Annual Staff, 4; Lambda Kappa, 4; French Club, 2, 3.

Grace is stenographer for the Annual and we are fortunate in having so capable a one. Although history isn't her long suit she's getting along first rate in everything she undertakes. Don't tell her, but Grace is pretty.

WILLIAMSON, DORA
"Dode"
Classical Course.

Dickens Club, 1; A.B.L., 3, 4; Drama Club, 2, 3, 4; French Club; Library Club, 4.
Good old "Dode," how we will miss her! If you've never read Vergil's Aeneid you've missed something because that and Trig are two things she "can't do nothin' else but." She is an all-around fine girl.

WINQUIST, WILLARD FRANKLIN
"Willie"
Commercial Course.

When he was a "frosh" there wasn't much to be seen, but he has been developing ever since. He has never given the teachers any trouble and therefore it has been a pleasant task to teach him.

WOLFE, MILDRED ALBERTA
"Honeysuckle"
Mixed Course.

Biology Club, 2, 3; Paint and Palette Club, 4; Dramatic Art Club, 4.
Winsome and merry is this fair maid. She used to have such lovely curls 'way back in 1920, curls no one can forget even if they are no more. Her laughter and smiles drive gloom away. Mildred is an artist, too.

WOOD, MARSHALL BRADLEY
"Marsh"
Classical Course.

Band, 1, 2, 3, 4; R.O.T.C., 2, 3, 4; Captain Headquarters Co., 4; Philos, 1, 2, 3, 4; President Philos, 4; Hi-Y, 3, 4; Vice-President Class, 4; Owl Staff, 3; Annual Staff, 4.
You could use a whole column of adjectives in describing Marshall's ability. He is to do something worth while. Note his fine work in Alumni section.

WOODBURN, MARSHALL JOHN
"Marsh"
Classical Course.

Here's to a tease of the first class. He surely is funny and if you want to laugh stick around Marshall. He is not conceited for he didn't believe himself capable of getting a high grade in English.

WOODRUFF, WARREN VINCENT
"Woody"
Mixed Course.

Wireless Club, 1, 2, 3, 4; President, 4; Chief Operator, 4; Hi-Y, 3, 4; Lightweight Football, 4; Track, 3; Freeport Relay, 3.
He's never sad but always glad. He's the best fellow in every way. He is always trying to make a "hit" with the teachers and we believe he has. We're glad he is an optimist instead of a pessimist.

WORTMAN, STANTON J.
"Worky"
Mixed Course.

Lightweight Football, 3, 4; Basketball, 4; Tennis, 3, 4; French Club, 2; Owl.
Stan Wortman goes down under the heading "Athletic Stars." His sport write-ups were a big feature of the Owl. He has made many friends among the faculty as well as the students. "Stan" surely loves tennis.

YOUNGBERG, HESTER ANN
"Hess"
Classical Course.

Her eyes don't speak of love, but, they surely do express suppressed "joy o' livin'." Hester is just as sweet as she looks, and just the type of a story book heroine. The best of luck to you, classmate!

ZAUTNER, ANITA ELIZABETH
"Rye Bread"
Mixed Course.

Dickens Club, 1, 2; Junior Life Saving Corps, 3; Amazons, 3, 4; Owl, 3; Annual, 4.
Anita is a member of the Annual Staff and we can surely say she did her best to make the Annual a success. She has always been very much interested in athletics, either watching others perform or participating herself.

ZAUTNER, ELBERT ERNEST
"Major"
Mixed Course.

Ag. Club, 1, 2; Biology Club, 4; R.O.T.C., 2, 3, 4; Annual Staff, 4.
Elbert worked faithfully and well, for a long time, on the Annual and we appreciate his tireless efforts. We admire his printing in this book. He made scores of friends and he was a cadet, too, you know.

ZUCK, STANLEY FRANKLIN
"Si"
Art Course.

Drama Club, 3; Annual, 4.

Stan labored for the Annual, too. To be with him is to be happy. "Si" never got remarkably high grades, but neither did he get low ones. He is very mischievous and there is lots of fun when he is around.

ZEMAJTIS, MARY EVANGELINE
"Maizie"
Commercial Course.

A.B.L., 3, 4.

After four years, we have solved the question. How do you pronounce the last name? It's all right, Mary, we don't mind. Mary has been a frequent member of our Honor Roll list.

ZIOCK, CARL MACKWITZ
"Zeke"
Mixed Course.

R.O.T.C., 2, 3; Wireless Club, 3.

Carl's specialty used to be arguments but we don't hear his voice raised in heated debate as frequently as we once did. Anyway we like to hear him talk. Carl is an active member of the Wireless Club.

MONKS, KENNETH GARBER
"Ken"
Mixed Course.

We could never imagine Kenneth out on the field holding the line or anything like that, but then they're not the only things that count in the making of a man. Kenneth was a gentleman through and through.

Our Final Tribute

In leaving the school which has meant so much to us we have a dual emotion, sorrow and joy. We are sorrowful to leave behind the acquaintances we have formed and the scene of the happy moments we have enjoyed. We are joyful when we realize that in future years the lessons we have learned while in Rockford High School will prove their true worth. We are glad to graduate from a school of such high rank. We, the graduating class, extend our very best wishes to those future representatives of R.H.S., the underclassmen.

SYNOPSIS

The play is set in the Art Studio of Mr. and Mrs. Olangtsi. An oracle foretells that Mee Mee, a little Korean slave girl, is born under a star, and that whoever marries her will become a great artist. Mr. and Mrs. Olangtsi have purchased her to become the future bride of their son, Yunglangtsi. Yunglangtsi, a mountain of indolent fat, doesn't want to be an artist. Instead he wants to be a grocer. Tikipu, a boy of low caste and household drudge to the Olangtsis, aspires to be a painter. Secretly, at night, he copies bit by bit the ancient masterpiece of Wiowani which hangs in the studio of Mr. Olangtsi. Mr. Olangtsi treasures this above all his possessions. But his artistic nature has been warped by his domineering, mercenary wife.

One night Olangtsi discovers Tikipu painting, destroys his picture and turns him out of the shop. Tikipu disappears for three years. Mee Mee, who has been in love with him all the time, grieves over his disappearance. As the time draws near for her to be married to Yunglangtsi, she decides to take poison. At this moment the master painting glows into life and Wiowani appears to Mee Mee and diverts her thoughts from death. He leads Tikipu back to her. Tikipu after three years of struggle and devotion to art realizes for the first time that he loves Mee Mee and needs her. Happy in their love they leave the studio together just as the dawn is spreading across the sky.

In Retrospect

This year of 1923-24 has done its share toward contributing to the history of Rockford High School. Among its varied activities and interests we find a few accomplishments which promise to gain greater significance as time goes on.

In athletics our showing has not been remarkable, but it has been consistent. In football both teams were second in the Big Seven Conference; in basketball we won the district tourney; in track we came out third in the Interscholastic at Urbana, 1923; in swimming we entered the ranks of point winners in the interscholastic at Northwestern in 1924. For the first time R. H. S. has had a coach employed to take charge of swimming. We now have a board of control in athletics composed of student and faculty members. These members are: Mr. Weber, Miss Currier, Mr. Conklin, Mr. Beyer, Janice Gschwindt, Marshall Wood, and Mr. Marberry.

The Booster Club, organized in the fall, did a great amount of good in popularizing all athletic games.

The Board of Education showed its interest in our athletics by helping us to the extent of purchasing Kishwaukee Park as our own field. The purchase price was $37,500.

Principal J. O. Marberry has settled for us the question of standard design in pin, rings, etc. Hereafter every class of R. H. S. will have as its design the one selected last year for '24.

The Faculty Council instituted by the principal in September gives class room teachers an excellent opportunity to present their problems. The influence of this council may be seen in the students' hand book which is to be issued for the first time this spring. Another outcome of the work of this council has been the plan of mayors, vice presidents and committeemen for assemblies. The student council elects these students and they in turn work with the members selected from the faculty council. The faculty council is composed of: Miss Putnam, Mr. Hanna, Mrs. Heath, Miss Cleveland, Mr. Crull, Miss M. Brown, Mr. Haupt, Miss Slade, Miss North, Mrs. Raub, Captain Addington and Miss Darrah.

R. H. S. band entered the national band contest in June, 1923 and came out fifth in the list of winners. There were about fifty bands competing.

The Chamber of Commerce asked us to cooperate with it in its fire prevention program by writing essays on that subject. Every student in the school wrote an essay; Ralph Dennis won first place.

We found our A. B. L. cooperating with the Woman's Club's short story contest. The club induced twenty-five entries. The winner of this contest was Irva Rankin.

The Community Players organized by Miss Perego composed chiefly of former graduates have done their share in helping to establish the best in drama.

The Rockford Stock judging team won first place in the Sectional Judging Contest at DeKalb last spring. At Urbana last June Rockford placed fifth in the Stock Judging Division and fourteenth in the Dairy Division.

In the line of clubs we welcome to our lists the Paint and Palette Club and the Tri-Y. Psychology, and Religious Education. This last class is under the control of the Board of Religious Education, a board independent of public school funds.

The R.O.T.C. introduced two features, the rifle team and the girl sponsors. It also upheld its excellent record of being an honor unit for the third successive time.

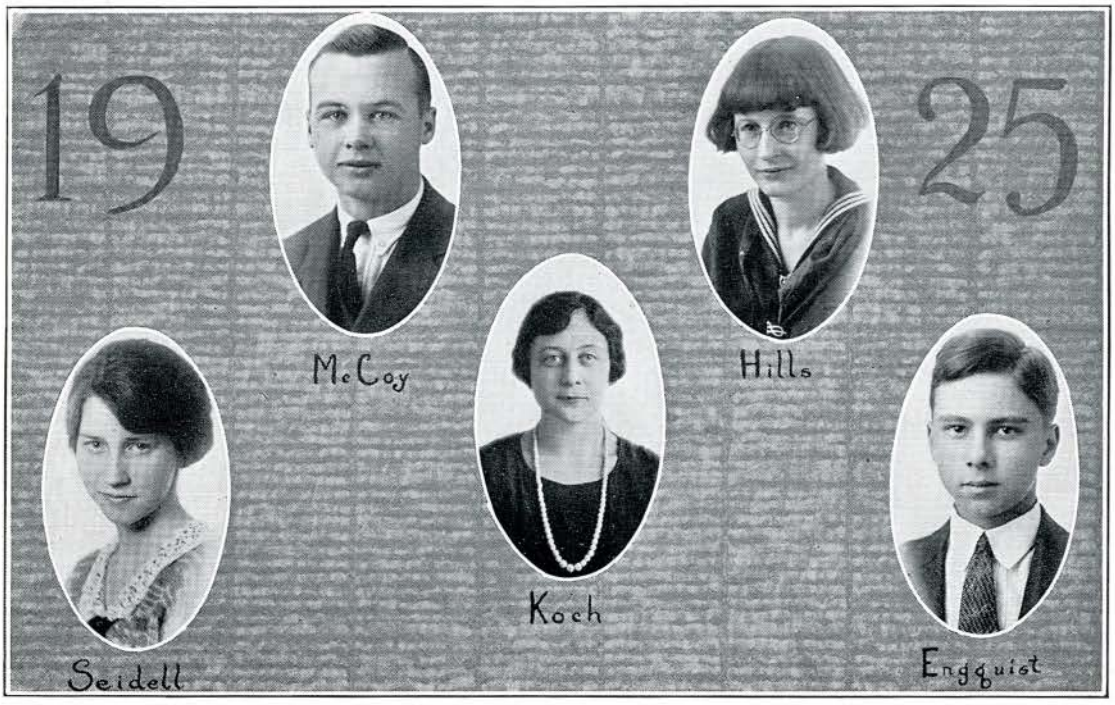

The Owl placed as a second and a third-rate paper in the National Interscholastic Conference at Madison in December, and the 1923 Annual placed in the first division. On Washington's birthday, '24, it placed first in the Illinois State Press Association contest at Knox College.

These few items are noted not in the spirit of boasting, but with the intention of marking milestones along our path of progress. We hope that next year will see even greater steps taken along this path.

The Sophomore Class of 1924

Happy and haughty and so handsome are we
But as good and as gracious as we can be.
We're mighty in numbers as we are in deeds;
Of future world progress we see all the needs.
The statesmen and jurists, aldermen too,
Will find civic pride in all that we do;
Our aims and our hopes shall all come to pass
For we are the Nineteen and Twenty-Six class.

The 1926 Class

First:

1. As Freshmen in September, 1922.
2. As Sophomores in September, 1923.
3. As Juniors in September, 1924.
4. As Seniors in September, 1925.
5. As Graduates in June, 1926.

(That is if we pass) and get over some of that feeling which our instructors seem to indicate so cruelly to us, that we may partake somewhat personally this year, of that part of the definition of Sophomore which came from the Greek word meaning foolish. We admit it, but, foolish is a comparative term. We admit we are most foolish.

We are first in other lines. In all school activities there are none more active and loyal. We have arrived at the milestone which marks accomplishment and the deserved rank of those who are qualified to travel the hard roads on ahead to success. The journey thus far has been rough—that ahead rougher. As Sophomores we stand ready to guarantee that the road we choose from here on to our graduation day will be smoother and of easier grade for those who follow, by reason of our having traveled it. To those coming after us we can say: "Come on." To those ahead of us we can say: "Move on."

We are appreciative of the opportunity we enjoy, proud of our progress and full of ambition and determination to work out our destiny for ourselves. We are mindful of the care and patience of those who guide us—our teachers. To them we owe much and from this time on can better appreciate their kindly interest. May we grow under their solicitious guidance to the full measure of graduates.

Lest we take ourselves too seriously let us grant that we must have pleasures of the proper kinds. At this stage of our journey we must take inventory of our tendencies and again through the acceptance of correction and discipline improve our tastes ere it is too late; for the period through which we are passing is after all that of Sophomores and our plastic condition admits change. May the spirit of fair play and wholesome recreation be with us. We need a clear atmosphere of social obligation in our play, as in our work, that no selfish motive may enter to destroy our best.

We assure those ahead of us that we will profit by their example. We assure those coming after us that the standard shall not be lowered for their use. We assure our teachers, our parents, and the community, at large, that we Sophomores are citizens in the making and we look around us for the help we most need. To ourselves we are not merely, "Second Year boys and girls" but coming young men and women who must be the community of tomorrow.

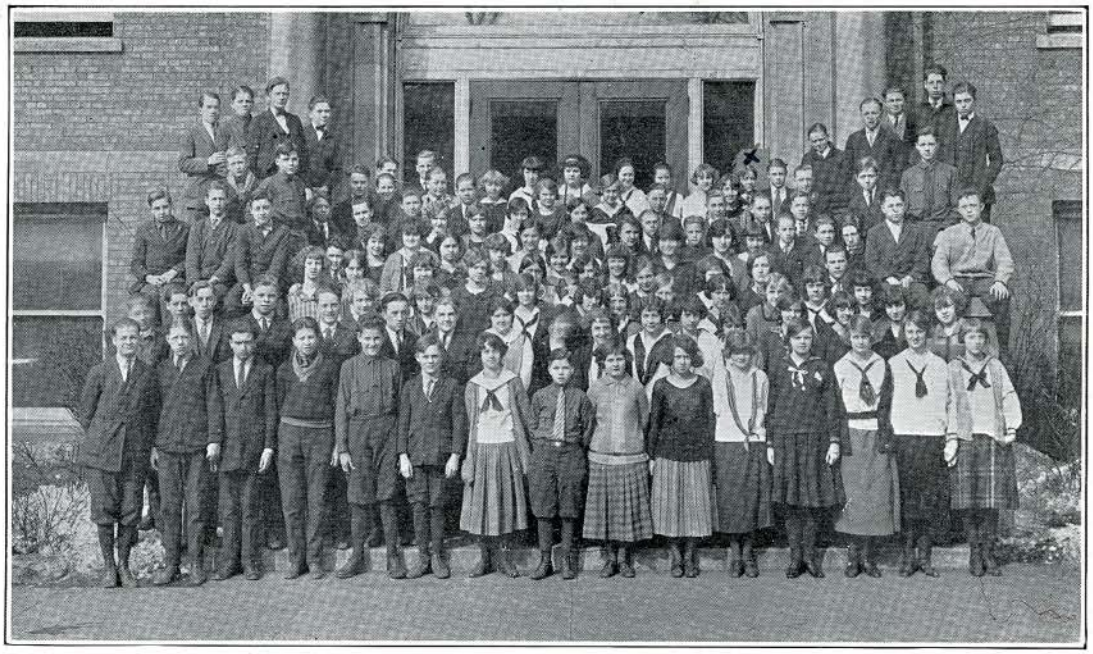

So, who wouldn't be a Sophomore?

R. H. S. Orchestra

The orchestra has progressed very much in the last year due to the untiring efforts of Mr. Borner, our director. It has grown from twelve in 1918 to forty-eight in 1924, with its members playing a wide variety of instruments.

The "Tymp" party given last year was such a success that the orchestra was able to purchase the tympanums this year. These add to the volume of the music when playing heavy numbers like the Military Symphony.

The annual concert given March 28, in the high school auditorium, was greatly enjoyed by all attending. The orchestra successfully rendered several difficult symphonies including E flat and G minor. The Friday following the spring vacation the members and their friends with the alumni were happily entertained at the annual banquet and dance given in the gym.

The orchestra accompanied the operetta "The Magic Wheel" presented by the Boys' and Girls' Glee Clubs, May 2nd and 3rd, in the Rockford Theater. Various other activities included an afternoon party, a reception to the new citizens, and broadcasting from the local radio station WIAB.

R. H. S. BAND

R. H. S. Band

The band is seventeen years old this June. It began with the united and loyal spirit of twenty boys. Today it exists with that similar spirit increased in number to nearly one hundred members in four sections. The first section consists of about fifty-three or fifty-four members which is the band you hear at the games, on the street and wherever R.H.S Band appears. The other sections are in different stages of preparation for the first section, or in case there is no vacancy there, to get what they can and give what they can in return for the general welfare of R.H.S. and its band.

JOHN T. HAIGHT

During the last semester the members have practiced once every school day; three times a week during class periods and twice after the seventh hour. This added time helps make a better band each year.

Football and basketball games would sometimes be dull indeed without the presence of the R.H.S. Band. For many years this organization has backed our teams on the gridiron and on the basketball court. Who knows how many times defeat has been turned to victory by the cheers and music of the band boys? One Saturday, on the football field, a number of girls donned the red and black capes and marched with the boys through the letters and formations. From the smiles on the faces and the applause of those looking on, the event seemed a success. In the gym, at the basketball games, the band was always present doing its best for the school and community.

In October the local Kiwanis Club took the band to Dubuque to represent Rockford at a district convention of Kiwanians. As the trip was full of pleasure for the band boys they all feel indebted to that club for their generosity.

On Memorial Day, Armistice Day, and such occasions the band has played that it might be of some real service to the people of our city. With the R.O.T.C the band has served to help them win success in their drills and formations.

We all hope that in future years the band will continue with its success and good fortune and will remain a vital factor in the school life of every R.H.S. student.

Another fact in connection with the band is that a number of former members have been, or are now, members of some of the big college and university bands of the country.

One of the enjoyable features of the annual banquet is to have some of these old time musicians return, and while they sometimes differ concerning rival university bands to which they belong, all unite in praise of R. H. S. and the training received here.

The R. O. T. C. Record

CAPT. ADDINGTON

SGT. COLE

The R.O.T.C. of the Rockford High School has done much in the school this year. Last July the unit was rated as one of the three best in the United States. It was perhaps the only high school to be picked for the third consecutive time as an honor school. The band has been an important factor in our securing this honor. Much credit goes to Lieutenant H. H. Fisher, our former P.M.S.T., in our becoming an honor unit. Everyone in the corps was sorry to have Lieutenant Fisher leave. To show the corps' appreciation Lieutenant Fisher was presented with a beautifully decorated saber.

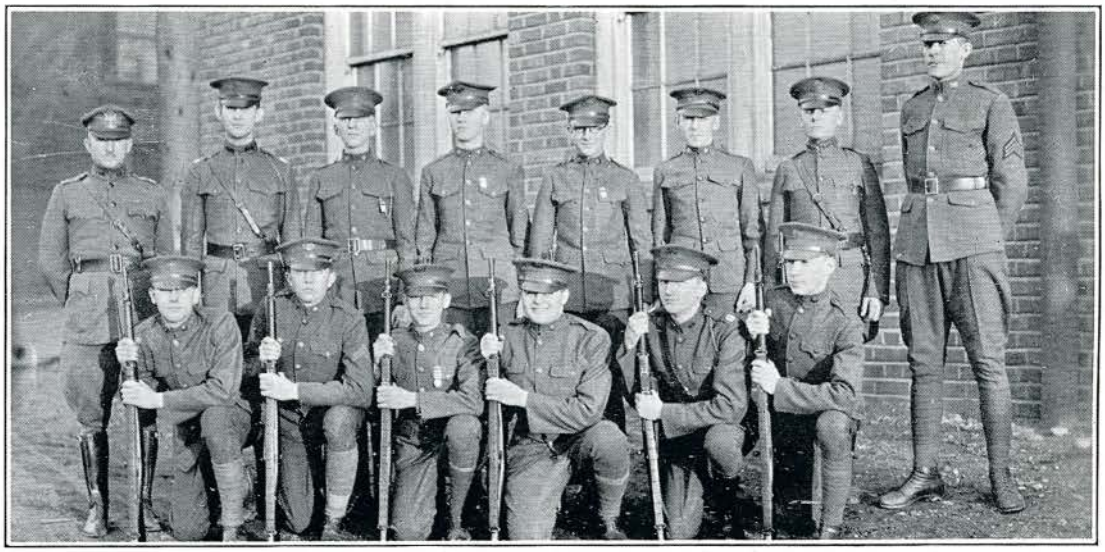

June 12th the Spring "Compet" was held at Fair Grounds Park. Major Nally of Chicago inspected the corps and expressed the belief that the unit would again be on the honor roll. Company A won the company drills and received the Talcott Cup. Cups, medals, and gold pencils were given to other winners.

Captain F. T. Addington succeeded Lieutenant Fisher as P.M.S.T. He immediately gained the friendship of all the military students. Early in September Sergeant K. Lowry returned to regular army life and Sergeant S. C. Cole then became assistant P.M.S.T. The unit received a valuable man in Sergeant Cole. Captain Lindroth inspected the corps in October and pronounced it excellent.

Through the efforts of Captain Addington and Sergeant Cole our marksmen have made a very good record as is shown by their winning from Calumet, Michigan, a school that has excelled in its rifle teams for several years. The rifle team has won victories from Crane, Lane, Lindblom and Englewood.

For the first time in the history of the unit sponsors were elected. Their work is to take charge of all the military social affairs. They have proved already their value by the success they made of the Military Ball held December 15 in the "gym." Miss Alta Lace was chosen battalion sponsor and the Misses Helen Hart, Jane Haughey, Helen Barnes, and Viola Blixt were chosen company sponsors. They were formally presented to their respective companies in November.

Twenty-two R.H.S. boys and former graduates attended Camp Custer, Michigan, during August, 1923. Every one felt well repaid for his experience and many contemplate going again this summer.

The Rockford High School Alumni Association

The Rockford High School Alumni Association was originally established for the purpose of benefiting the individual members of said Association—that is to say the institution was formed for the purpose of enjoying certain social and business benefits for its members. As said Association has grown in numbers as it naturally must grow the purposes of this organization have changed. Today its main object is to render assistance and help to the undergraduates of Rockford High School.

The Association has attempted to co-operate with the student body in order to help first along scholastic lines. It has encouraged high scholastic standing in the High School and has honored the students who have attained honorary mention in scholastic activity. The high school is to be congratulated on its present high rating as one of the best secondary schools of the country.

Second: the Association has attempted to encourage clean athletics and good sportsmanship. The Association has attempted to back up every athletic activity undertaken by the school as individuals and collectively. The Alumni have turned out in large numbers to each and every athletic contest sponsored by the Athletic Association.

Third: it has attempted to stand behind every organization of every character in the High School, which has stood for the best in high school activities. As an association we have been ready and willing to assist students individually and collectively.

The undergraduates are to be congratulated upon their fine sportsmanship shown in all athletic contests. While every game or contest has not always resulted in a victory for the Rockford High School, the High School has accomplished something more vital than the actual winning of every contest. Good sportsmanship and high standards in athletics which have been displayed in the High School during the last few years have meant more to the Alumni than the winning of games.

The Alumni Association looks forward with pleasure to the opportunity of welcoming each and every undergraduate when he or she graduates and becomes a member of our institution. Once a year, on the evening after the commencement exercises, an alumni meeting is held for this particular purpose. A "peppy" program, followed by a dance in the gym, makes the advent of the seniors into the ranks of the Alumni a memorable affair, indeed.

We are proud to call ourselves Alumni of Rockford High School, not merely because we believe as students we have left a good record, but largely because the Rockford High School of today has lived up to our ideals and it continues to be an institution of the very highest character and honor.

Impressions from the "Grads" of '23

An alumna! And only a year ago I was dreaming of being one. I am not so sure that I enjoy being an alumna as much as I enjoyed those four never-to-be forgotten years in Rockford High School.

When I visit high school now I feel strangely lost—and "out of things." I seem not to be a part of that spirit which fills the halls and the influence of which I used to feel so keenly.

Yet I am glad to say I was once a student of R. H. S., that school which stands for so many fine things, and I am very proud to say that R. H. S. is my Alma Mater.

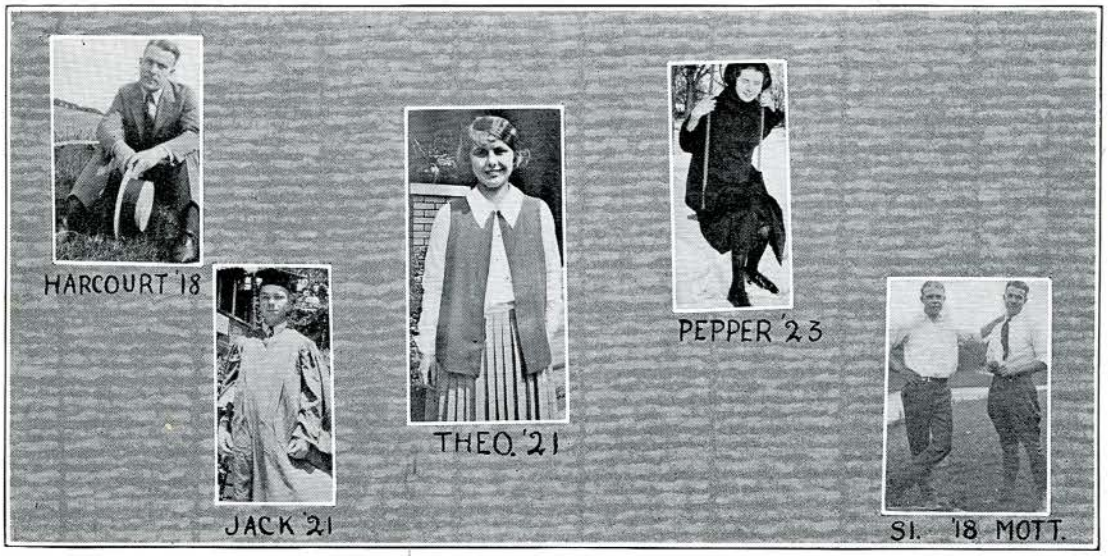

LOUISE MCGUIRE,
Freshman Rockford College.

Separation from those friendships which have been made possible by affiliation with those of our own age and those with whom our interests have been most directly connected, is one of the results which most vividly impress us after we have left high school. We look back with fond recollections to the good times we had while there. This, however, does not intimate that, when we have received the high school sheep-skin, all our enjoyment ceases, but that, as alumni, all persons with whom we come in contact assume more of a business aspect. This realization brings closer to us the uncounted privileges that we enjoyed during high school days that never can be replaced in ensuing years, whether we enter into college life or not.

PEARL MCEACHRAN.

This year out of school, and in a business office instead, has been a wonderfully broadening experience. I know, but still I'll be only too glad to go back to school another year. It has shown very vividly the purpose for which our teachers have always insisted on punctuality and accuracy in detail, and against procrastination in cases where to us it seemed a foolish lot of red tape. It is certainly a wonderful advantage to have previously acquired these habits, and thereby escape a few of the first of the famous "Hard Knocks." I can see the reason now and am duly thankful for every such lesson that was ever drilled into me.

ELEANOR TRENHOLM.

Some More Impressions

The class of '23 was the best class that ever graduated from good old R. H. S. If you don't believe it, ask any of its members. Our basketball team won second honors in the Stagg Tournament. Three of our members are now at West Point and we have representatives at all the colleges and universities of any rate, whatsoever. Our athletes are coming favorably and making places for themselves. A few members are taking P. G. courses at High School and seem to be enjoying themselves. We even have representatives on the sea of matrimony. And last but not least are those who are working and upholding the commercial world by their mighty efforts.

DONALD VAN DE MARK.

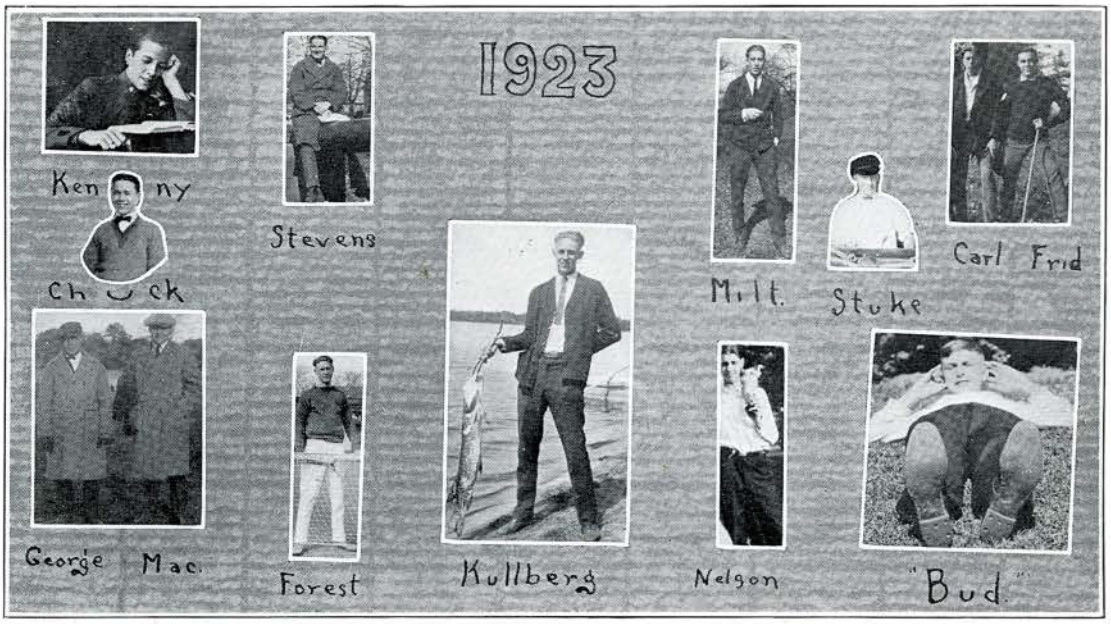

A plebe doesn't have to rely upon the geography and history of West Point to make it interesting. The Hudson Highlands are known as one of New York's most beautiful spots. Constitution Island, across the river, Fort Putnam behind and above us, Kosciusko's Garden, between the academy and the river, all combine to give West Point some historical significance.

We plebes do not spend much time gazing at the scenery or reading about Israel Putnam. The Academic Department and the upper classmen cooperate very nicely in utilizing our spare time. The fact that over fifty per cent of the men that were found deficient last semester had at least one year in college, proves that our academic work is difficult.

The upper classmen?—Oh! One of them found a 1923 Annual and since then "Les" Wright has had plenty of exercise, charging up and down the hall, dressed in a rather unusual uniform, armed with a safety razor, and commanding an imaginary battalion as it passes in review.

There are two reasons why we can't tell you just what we think of the upper classmen ——the other one is that we haven't the space.

LAWRENCE KUTER.

Class of 1918

It has been six years since the class of 1918 were prominent seniors of Rockford High School. Many have often looked back and wished to live those days over again.

Most of the boys of '18 served their country in some way or another. Few saw active service but the rest were ready at any time to do their part. While the boys were away training, the girls were home doing their bit by either entertaining or knitting.

We had our proportion receive their degrees from universities or colleges. These people are just beginning to be knocked around by the busy business world. Some who were industrious minded and didn't care for college have been striving at some job trying to make good. Many of the girls either have a husband or are still in hopes of one.

Among our prominent seniors who have made a name for themselves are: Milton Olander and "Laurie" Walquist. These boys have put their names in history at the University of Illinois. These boys helped Zuppke win several games in football.

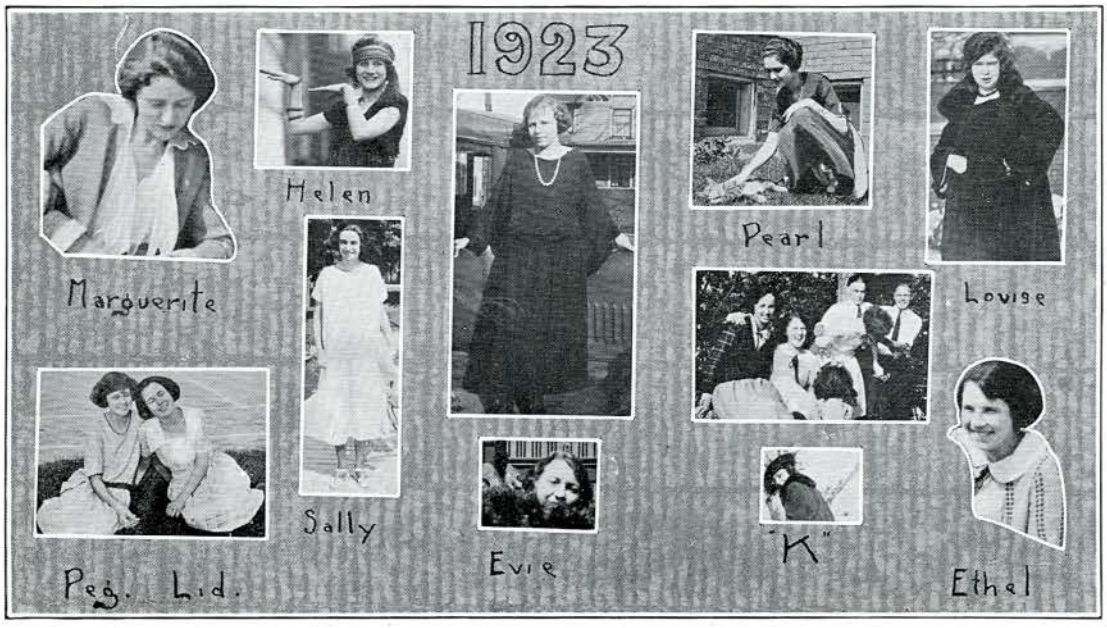

"Milt" has proved himself a great coach at Kalamazoo Normal, Michigan. His team has been defeated but once in two years. Normal lost that game by a single point. Just recently "Milt" has been still further honored by being appointed as freshman football coach at the University of Illinois, where he will once more work under his old mentor, Zuppke.

"Laurie" paid us a visit with the Milwaukee Badgers and showed us how much he had improved since his high school career.

Stanton Hyer, has been busy studying law. Some future date will put him among our best lawyers regardless of where he practices. We hope he will come back to Rockford.

We cherish a loyal memory for our high school and hope the school will continue to do the work it has done in the past.

FORREST A. LYDDON.

Recollections of 1913

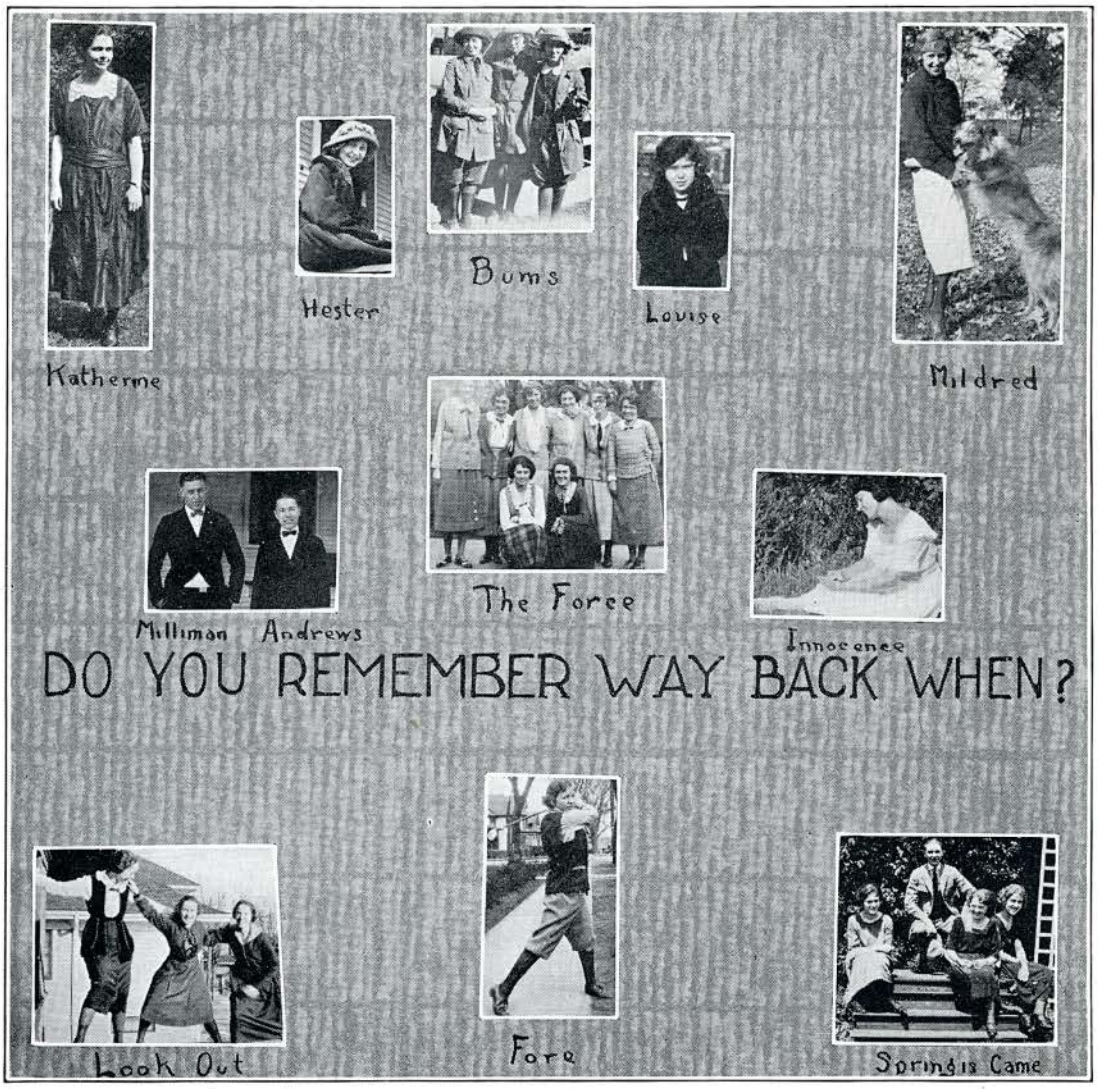

By Old Grads

Perhaps my most vivid recollection of high school days is the general exodus which took place every Monday at 2:30, when there was a wild dash for the Orpheum. Everyone went, for in those days the Orpheum had vaudeville, and, as the bill was changed only once a week, Monday was *the* day to go! The State Street bridge was fairly alive with high school students, for, at that time, we did not have the splendid new Chestnut Street bridge.

The girls carried huge shopping bags to all their classes, and in one of these bags could be found almost anything from school books to hairpins. We wore huge ribbon bows pinned on the back of our heads; so large, in fact, that I can testify that I was onced saved from a serious injury when the lunch room sign fell on my head, and my hair-ribbon acted as a buffer between that great sign and me!

And of course we did not have the new building on Chestnut Street, nor did we use the Watch Factory, or have classes in the Boys' Club. There surely have been a great many changes, but we are progressive enough to admit that they are for the best.

Review of the Class 1908

The 1908 class has the same spirit of the high school days. To our beloved Lucy Waldo, now deceased, we owe the nucleus of the '08 Memory Book presented by Mrs. Sarah L. Thomas, the loyal class chaperone. Lucy Waldo with others started the records which have been kept each year until the present time. This book contains names, addresses, attendance at reunions, clippings, and all communications concerning the members.

The informal reunion has been thoroughly enjoyed each June by an average of thirty '08 ers who still enthuse over song and yell.

The R. H. S. graduated that year a class of 116, but death has reduced our list to 110. '08 claims four charter members of the High School band, organized in 1907. We are proud of every '08 member. We boast of five doctors, two ministers, two lawyers, four high in educational affairs, and ten Rockford public school teachers, as well as many successful business folks and home makers. Sixty of us still live in or near Rockford.

This class hailed with joy the day when individual assignments were made in the new auditorium. Every '08er holds in high esteem our beloved principal, E. U. Graff. We claimed him and he claimed us because we entered R. H. S. together and fate decreed we leave together.

Glimpses of Other Days

The first Annual was published in 1892 by a class composed of twenty-eight people. The Owl preceded the Annual by two years. At that time the athletic curicula of our school had an added sport, not existing at the present time. In '92 the baseball team won four out of five games. The football team of that day was in its embryo, but despite this fact, R. H. S. team beat two of their three opponents. Basketball was not in existence in R. H. S. at this time. The members of the class of '92 attended regular morning chapel exercises. In contrast to the student body of today their four classes had their officers who carried on their business and functions individually.

The 1894 publication included in its preface "Here is the second R. H. S. Annual. If it does not please you, pay your fifty cents and don't read it. Some may object to certain articles printed herein. Well, if the truth has been stretched, blame truth for stretching."

The colors of the class of '95 were lavender and lemon. (In the form of a star.)

A Mandolin Club furnished the music for R. H. S. in the year 1896 and '97. It was headed by the famous J. S. Copeland who is now the leader of the Midway Orchestra.

First prize for the club swinging contest at the second annual field day in '94 was "a pair of suspenders." The prizes for the 100 yard dash included, 1st, Bible; 2nd, necktie; 3rd, jack knife.

The regular Rockford yell originated in 1902. Our school colors, Crimson and Black, had been chosen a few years before.

Back in 1905 the student body used to know when a class graduated. If the Owls weren't painted, the class numerals were painted all over the walls.

The class of 1905 had a girls' basketball team which played teams of other towns and schools. They won four out of eight games.

The freshmen of today ought to be thankful because those of '97 had to run a gauntlet of Sophs before being allowed to enter this domicile of education.

What would the student body of today think if Charles Beyer sported a derby and a jazz bow while coaching his team as was done by the coach of 1906?

Here's a little wit from the class of 1907 which might apply to some of us at the present time: Absence makes the heart grow fonder, but it's hard on one's marks.

Perhaps some of our present student body does not know how R. H. S. has grown. In 1884 the old building was erected. The first addition was made in 1900 when the building where room 12 is was completed. The portion where the office is located was built in 1906. Our "New Building" dates from 1913 and the old Watch Factory was purchased in 1918. The last addition was made in 1921 when our splendid Industrial Building was finished.

Our Coaches

Way back in 1912 when "fighting Ike Beyer" first came to R.H.S. he had to face a skeptical crowd of fans, but his wonderful personality and vast knowledge of the game soon placed him high in hearts of fandom. Twelve years have passed and he is still with us, a wiser, more experienced coach, but still the same "Fighting Ike." Nothing tells of a coach's success like the box office, and Beyer's ever increasing efforts in giving Rockford the best attractions in the Middle West have brought more people to the games and more fellows out for the team. He is the type of man that youth envies and men admire. Occasionally feared, universally respected, loved by all—that's Beyer's place among his associates.

"Kitty"" as he is commonly known by his ardent admirers, was chosen from a large field of candidates as coach to succeed Louis Erickson. His lightweight football team brought honors to himself and our institution. As the basket season approached "Kitty" busied himself with teaching the inexperienced candidates the fundamentals of the game, and after the season opened victory was almost always perched upon the Red and Black banner.

Thomas Poole came to our school last fall to coach swimming and to assist the football and basketball coaches. In football his keen judgment and observing eyes gave many a boy a chance. The second semester he became lightweight basketball coach. His success was marked by one of the fastest pony aggregations in this section. He succeeded in making Rockford's second year of swimming an outstanding one.

Review of the Season

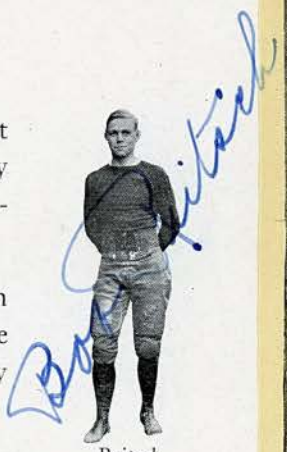

To an outsider the season may have appeared to be unsuccessful but to those who understood, it was perhaps, really the greatest in R. H. S. history. It is true we lost many games and won not so many, but we can say we played teams among the best in the middle West. Parker High School, Class B champions of Chicago; Bowen High, tied for Class A in Chicago; Oak Park High, Suburban Champs; Mooseheart, a team raised with a football; Marinette High School, Wisconsin, three times state champions, to say nothing of our six conference foes who always have teams capable of beating the rest, were our worthy opponents. We suffered more injuries to players than other teams have in the last ten years put together. In the list of casualties were Captain Reitsch and Alberts, and then in quick succession McCoy, Winters, King, Hawkinson, and eight or nine others with minor difficulties. Many times the coach had to put cripples into the game to have a full team. Despite all these discouragements and the break of luck, the team inspired by Beyer fought and stuck together with a spirit that reminded the alumni of "the good old days." A wonderful spirit permeated even the lowliest scrub. We have great hopes for the 1924-25 season.

Top Row—Roskic, Shanhouse, Foster, Stohlgren, Pratt, Deusler, Griffner, G. Johnson.
2nd Row—McCann, G. Johnson, Griffith, Hawkinson, Schield, Fridly, Monti, Gage, Archer.
3rd Row—Molsen, J. Johnson, Winters, Olson, McCoy, Hedberg, Friberg.

Heavyweight Letter Men

REITSCH—Much honor goes to "Bob," our captain, for the spirit with which he inspired the team. Although he actually played only a short time during the season on account of injury, his aggressiveness influenced his men the entire season.

Reitsch

McCOY—Joe seemed to fill very well the vacancy left by Captain Reitsch. As the season progressed he became the most dependable center in the conference. His fight will long be remembered by all the fans. Much success next year, Joe!

OLSON—A veteran of last year, who had developed speed and taken on weight during the summer months was back to fill his old position. In "Rudy" we found the fastest end in the conference. He was chosen as All-Conference end, a well deserved honor.

McCoy

GRIFFNER—A man who had been trying to win recognition as a football player for two years finally came through with the goods. Although he is short his added poundage gave him considerable advantage over most guards. Much praise is due to Cecil.

MOLSEN—"Bill" who played lightweight football the year before, but who was too heavy came to the heavyweight squad. He was used as an understudy to McCoy and also at guard. "Bill's" fight will be missed by the team next year.

Olson

WINTERS—In "Dutch" we had the hardest hitting tackle in the conference. Although he was injured this did not stop his fighting. Many games were won by his breaking through the opponent's line and by blocking punts; the latter was his specialty.

HAWKINSON—"Hawky" proved his worth as a quarterback in almost every game. He was a heady field general. We are all proud of him.

Griffner

Molsen

Winters

Hawkinson

Alberts

ALBERTS—A veteran of the lightweights of last year, was still handicapped by weight. His speed made him a hard hitting fullback. Too much credit can not be given him for his work on the Red and Black team.

SHANHOUSE—A steady consistent player of two years, he was playing a wonderful game when Gloom came along and took him away on account of injuries. The team could have used more material like "Len."

Shanhouse

PRATT—"Chet" was the fastest, shiftiest man on the heavyweight squad. Ofttimes he showed his speed on long end runs. Any team would be proud to have two halfbacks the same calibre as our faithful "Chet."

McCANN—is able to play in almost any position in the line. "Chuck" has proved that he is made of the material from which our football teams are built.

Pratt

FRIBERG—was an outstanding tackle. In Len we found a man that could open up holes in the opponent's line at almost any time he was called upon to do so.

SNYDER—"Porky," a veteran of last year and one we must all look up to, could fill any vacancy left by an injury to anyone on the team.

HEDBERG—A veteran of two years was called upon in a pinch to take a line position. He always fought hard and always held. His tackling was good because of his accuracy.

McCann

Friberg

Snyder

Hedberg

DUESLER—"Jim," playing regular at either half or fullback, proved to be the very man Rockford had looked for, for a long time. He was always fighting to the very end. Graduation takes Jim from us.

FRIDLY—A star of the lightweights in 1921, finally won recognition on the heavyweight team. John was a game fighter and that qual- goes to build up a team. He could always be depended upon to be in every play.

ROSKIE—In "Tony" we found an end who could receive passes and get down under punts so fast that he made the opponents look as though they were standing still. Great work, Tony!

JOHNSON—"Juicy," an aggressive man, proved the greatest find when he filled the vacancy left by Shanhouse. Johnson is a sophomore.

MONTI—"Al," a pony recruit, proved to be a great help in the Rab camp as his speed fitted well with that of the other backs.

KING—A substitute of two years, finally came through and delivered the goods in such a style that we all hate to lose him.

JOHNSON—"Gillie," the boy of many blushes, turned into a remarkable backfield man. His punting ability with that of dropkicks was a great help to our wins.

DAVE ANDERSON—"Dave" '24, a football strategist and scrapper every inch of him. His heady work at quarter pulled the ponies through many tight places.

HENRY ANDREWS—"Hank" '24, quick to diagnose plays. He did great work in stopping the opponent's rushes.

GEORGE FAIRHEAD—"Fairhead" '24, one of the main cogs of the team, and captain pro tem in several of the games. He handled matters with his usual efficiency.

MARSHALL KJELLSTROM—"Pete" '24—awful bashful with the girls. He certainly loses all of it on the football field.

ROLAND JOHNSON—"Rollie" '24—a member of the ponies' strong forward wall. He was hurt early in the season but he was back again for the last few games.

ROBERT MCCULLOCH—"Bob" '24—reliable "Bob," a two year man in the center of the line. A Gibraltar on defense, his stopping of opposing halfbacks was the marvel of the conference.

WENDELL MCEACHRAN—"Mac" '24—green this year. His scrappiness kept him up among the leaders. He developed fast under "Kitty's" coaching.

CLIFFORD NELSON—"Cliff" '24—a kicker and line plunger of more than ordinary ability, ripping off many gains through the line. "Cliff" was injured in nearly every game, but Rockford's fight plus "24's" spirit kept him in there when others would have been on crutches.

ERIC NORDSTROM—"Eckie" '24—another star illuminating the backfield. He was at his best in finding his way down a broken field.

WEBB STEVENS—"Webb" '24—a steady and reliable end who made up for his lack of experience.

GIBSON VOLLAND—"Gib" '24—a quiet and red headed lad who had no superior in the conference in all around end play.

CARLOS COUNTRYMAN—"Toddy"—a bundle of muscle and nerve who will lead the Rablets in battle next year. At the end position he was proficient in nailing the opponent behind the line.

SAMUEL DITTO—"Sam"—everyone's sheik on and off the field. He is going to carry the banner again next year. Watch him go!

ERNEST HAGERMAN—"Ernie"—a product of "Kitty's" coaching, picked for all conference guard in the "Big Seven." He is a go-getter.

STANLEY HRIBAL—"Stan"—a fast, aggressive lineman who with more experience should develop into a star.

NICK MANGIARACINA—"Nick"—with the unpronounceable name. Fans have not been slow in pronouncing him a first rate football player.

ALEX NOBLE—"Alex"—a lineman of merit. As he is growing and adding weight he should make the heavies a fast charging lineman.

JOHN SABIN—"Johnny"—small but a great player. "Johnny" was a tackle whose only joy was to see how hard he could hit his opponents.

VINCENT YANKOVITCH—"Yank"—always ready to plunge through the line for a few badly needed yards. He also displayed admirable ability in punting and passing.

STANLEY WAHLSTROM—"Bull"—one of Louis Erickson's stars and even better this year. "Bull" was in there tearing things up all the time and making the other fellow like it.

LEIGH ZILLHART—"Boob"—flashing star in the backfield this year. He made many yards skirting the end. He is also a kicker of merit.

Review of the Lightweight Season

When coach Kitteringham issued a call for candidates for the ponies, he was greeted with 75 aspirants, most of them possessing 100 per cent pluck and spirit. After two weeks of toiling he sent them against the experienced and heavy Rochelle team, who gave them a lesson in football to a 7—0 tune. The following week playing Byron they were victors by another 7—0 score. Oak Park was next and by a series of breaks in their favor left with a 11—6 win. They next went to Joliet; playing on a field that was a quagmire they held the Prison City to a tie score, 0—0. East Aurora with a team that was reputed to be as good as Joliet's fell before the sustained attack of the Lights. They went to West Aurora 33 strong and came home with another scalp on their belt, and a score of 27—12. The next Saturday a real battle was fought at Elgin with the ponies taking home the "bacon" 7—2. The following week the championship of the "Big Seven" was decided with DeKalb. After a seesaw affair DeKalb scored the deciding touchdown in the final quarter winning 21—13. Freeport was the next foe. The Lights went into the game with determination to do or die and they did to the music of 17 to a goose egg. The squad journeyed to Mooseheart the following week and with the second and third teams playing most of the game won 6—3. Much credit is due the coach of the Lights for his remarkable work in developing such a fine team.

Although our season was somewhat broken up we had a team that compared favorably with any in northern Illinois. Mt. Morris, our first foe, proved to be a well coached team to play for the initial game.

For the seventh time New Trier was given a lacing by the Rabs, but the eighth time, at the end of our season we were defeated. We showed our strength by defeating Freeport in three games throughout the season. One week end was spent at East Aurora and Elgin, the former giving no opposition and the latter being downed for the first and only time this season. Coach Winter's team of Oak Park was the first team to spell defeat for the Rabs.

We entered the district meet at Freeport. Rockford and Freeport proved to be the main spokes in the meet. They met, and the Rabs emerged victorious by a small margin. We won this meet, but only after a tough battle with Byron.

Gloom entered the camp of the Rabs when it was learned that we had drawn Streator for the opening game of the sectional tournament. Here we met defeat only after a gruelling battle. This ended a very prosperous basketball season, with four games lost and fifteen won.

CAPTAIN BEHR was the only regular that Rockford had from which to build a winning team. Although we were not in the Conference, Louis made his work at center stand out as one of the best in Northern Illinois. He was a real leader of men and could make his team win if the odds were greatly against them. Graduation takes him from us.

MONTI was the smallest man who has ever represented our school in the major sports. In "Al" we found the scrappiest fighter of any man on the team. His speed made up for his lack of weight. "Al" will be with us until next February.

YANKOVITCH who was taken over from the lightweight squad of last year, made a good forward and always had lots of fight. His work at this position did not make him a star, but he did contribute to many of our wins.

TRAPANI was a worthy man who served his school as a substitute for two years and finally came through and delivered the goods during Johnson's enforced absence. He helped make Coach Beyer's basketball team of a high standard.

ALBERTS was the fastest guard Rockford has boasted in years. He might be seen in almost any place on the floor. His close guarding helped to hold the opponents to low scores. All the fans like to see a man of Paul's calibre on a basketball floor.

JOHNSON, a sub from last year, came through with the stuff and proved his worth as a standing guard. His ruggedness and height helped him receive the ball from the back board and speed up the team's play. We are sorry to lose men like "Gilly."

ROSKIE graduated in February but he was a regular forward on the team up until that time. In almost all the games he was a high scorer. His aggressiveness made the team's morale very high. Great work, "Tony."

FRIBERG was a substitute guard who did not have the chance to get into the limelight of the basketball season. We wish "Len" the best of luck in his athletic work of next year.

The Lightweight Season

On looking over the available material for this year's team the coaches found that they had Anderson and Countryman until February and Monti the only all year man. With these three he added Lundstrom and Thornborrow making as nice a little team as we have had in years. Those Rablets went like wildfire until the suspension of the school from the association. The new semester found us reinstated in the association without the services of Anderson and Countryman and with Monti taken by the heavies. Coach Poole then put Fairhead at center, moved Thornborrow to forward and placed Priest and Hagerman at guards. This combination worked well but reorganizing a team in the middle of a season is all work and no play. Those Rablets were a fighting team and were in the game every minute.

Review of the Season

When Coach Beyer introduced swimming as a high school sport, the supporters of R. H. S. athletics immediately condemned it as a waste of money. But in the few years it has been on our sports calendar it has grown to great importance. This year we have a special coach for swimming and are meeting the best in the Chicago district. Only one letter man qualified this year and with the Dean brothers as a starter Coach Poole built up his team, composed of Captain Forrest Dean in the 50 yard and dives and Ex-Captain Donovan Dean in the 100 and dives, John Spatz in the 100 yards, Hinch in the back stroke, Stohl in the breast stroke and Rollo Walsh in the plunge. All of these men were good but under the careful coaching of Poole they improved so rapidly that each appearance brought increased speed and form.

At the Northwestern University interscholastic swimming meet, held March 22, Forrest Dean made one point in diving.

Swimming is here to stay as a high school sport and every year should bring increased interest.

The Track Season

In 1923 Rockford High School supported an indoor track team for the first time.

The four men who first represented us at the I. A. C. relay carnival were Captain Milliman, Alberts, Stocking and Cassidy, who finished second at this meet. Coach Beyer next entered several men in the Nationaal Indoor meet at Evanston. The only one placing was Stocking who lowered the record in the half mile.

Our outdoor meets opened with the Drake relay carnival at Des Moines, Iowa. Here our relay team, Captain Milliman, Stocking, Anderson and Elliot placed third in the two mile relay. The same day the remaining members of the team were in Oregon, Illinois, annexing another victory. These meets showed our coach that we had a track team which could compare with the most formidable of any in the state.

Elgin and Rockford again mixed in a meet. When the final shot had been fired we were on the long end of the score.

Our attention soon centered on the Rockford-Freeport relay after a contest that was typical of the schools. Rockford won by a narrow margin.

At the state meet in Urbana we showed our worth in almost every event. At the close of the meet we found ourselves in third place with 18½ points.

The conference meet was next to be added to Rockford's victories. Owing to the rainfall no records were broken. Rockford won this meet by a score of 57½ points, our closest opponent having 21 points. The inter-class meet was won by the seniors who at that time furnished most of the team. The all-around championship meet was won by Stocking, with Gage as second.

The Season Schedule

EVENT	ROCKFORD
I. A. C. Relay Carnival	Second place
National Interscholastic	Eighth place (3 points)
Dual Meet—Oregon	84—Oregon 60
Drake Relay Carnival	Third place
Freeport Relay	Won
Dual Meet—Elgin	100—Elgin 31
Illinois Interscholastic	Third place (18½ points)
Conference Meet	Won—57—closest competitor 21
Class Meets	Seniors won.
Pentathalon	Stocking, first; Gage, second.

RALPH MILLIMAN—the holder of many dash records and the most aggressive track captain Rockford High School has ever had, brought a team of inexperienced men to one that won many honors.

GLENN STOCKING—a veteran of one season who had not yet shown his worth in the middle distance runs, before the end of the season he turned out to be the fastest prep half miler in Illinois and the holder of several records in that event.

HAROLD GLEICHMAN—reliable point winner in all the field events; deserves much credit for the showing the team made in the meets. He holds two out of the three conference records in field events.

DAVID ANDERSON—fastest prep miler seen in Northern Illinois for many years, showed up well not only in local meets but in the annual state meet at Urbana. We regret losing a man of his worth.

CHARLES GAGE—a consistent point winner was our best high hurdler at the close of the season.

RALPH BURSICK—a team mate for Gage who could run the low hurdles with almost any prep hurdler in northern Illinois was lost to Rockford by graduation.

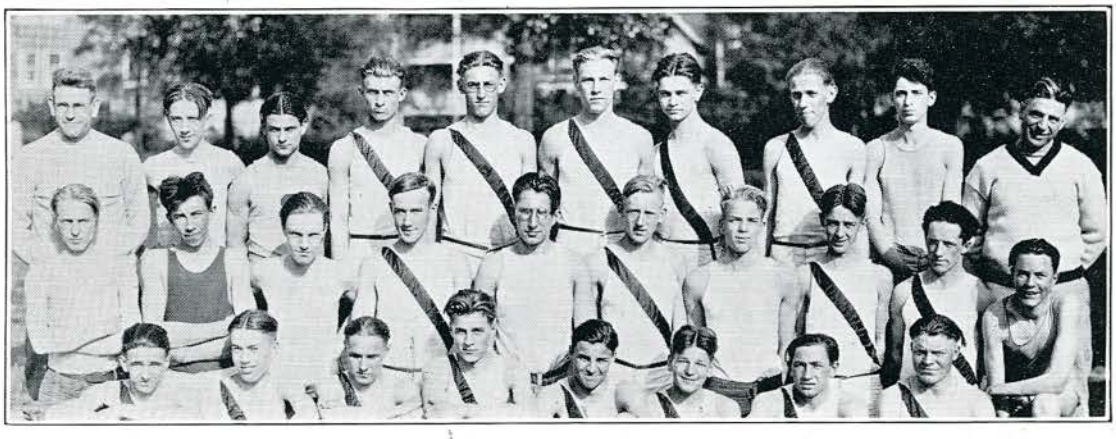

EARL GIERKE—that vaulter who had gone over the bar at eleven feet, proved he was also a high and broad jumper.

KENNETH GREENLEE—a man from '22 who helped win points for his team in the jump, won honor at the state meet by tying for second place.

CHARLES ANDREWS—a quarter miler of no little ability, won in every event after the Freeport relay. He won several firsts in noteworthy events.

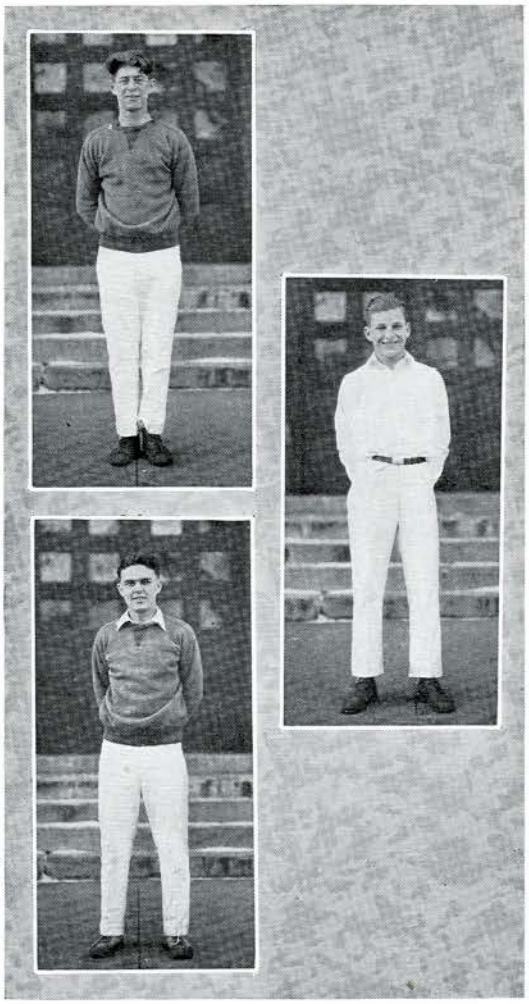

PAUL ALBERTS—an understudy of Gleichman who had come to the front in the early part of the season, made many larger fellows exert themselves for a place in the javelin throw.

DONALD ELLIOT—the only letter man remaining on the squad for 1924, after hard work last year came through for a place on the team. He was a team mate of Anderson's.

Top Row—Erickson, Gilmore, Monti, Gierke, Milliman, Gleichman, Gage, Hawkinson, J. Johnson, Beyer.
2nd Row—Wilgus, Randerson, Guynn, Bursick, Shields, R. Johnson, Kettleson, W. Countryman, D. Anderson.
3rd Row—Elliot, Andrews, C. Countryman, Greenlee, Stocking, Stevens, Alberts, Bently.

TENNIS

Following the plan of former Coach MacDonald to develop tennis as an interscholastic sport, Coach Louis Erickson issued a call for candidates for the tennis team. Over forty aspirants appeared, all of them more or less experienced in the art of wielding the racket. "Louie," himself an expert at the court game, was at a loss as to how to distinguish the good and bad. He decided upon a plan of elimination as used in nearly all branches of collegiate athletics thus simplifying the work to a great extent. By this process he soon had four men who showed themselves to be better than the rest. These men were Stanton Wortman, Upton Bartlett, Forrest Birks and Louis Behr, all of whom have won letters in some other branch of high school athletics.

He decided on Forrest Birks and Stanton Wortman for the doubles, and Upton Bartlett for the singles with Louis Behr as a substitute.

These men were taken to Aurora with the track team. Playing in the rain they acquitted themselves beyond the hope of the most ardent followers.

Our double team drew a bye in the first round and clashed with Joliet in the second, winning this match decisively 6—0, 7—5. This brought them into the finals, which were postponed because of the weather. This match was played off the next week and our color bearers, after a hard match, lost 6—2, 9—7. Wortman and Birks played wonderful tennis during this tourney. Uton Bartlett, our singles champion met Matthews of East Aurora and was beaten 6—1, 6—4. This match brought out some of the best tennis of the meets. These two battled back and forth and "Uptie" forced his opponent to extend himself to the limit to win.

Former Coach Erickson deserves a great deal of credit for the showing made by the team. His spirit of good fellowship and his humor made him the center of every gathering at the High School athletic meets.

Cheerleaders and Popular Yells

Since the days when the flashy and graceful Ted Needham was cheer leader for the

Lawrence Stokes

Red and Black our school cheers have not been lead properly. But this year our fans have had a chance to shout for the teams under the able leadership of Stokes and Anderson. Handicapped by poor backing and no equipment, "Laurie" with his untiring efforts put the Rab cheer leaders on their feet again. With his long, graceful movements and perfect rhythm he brought the thrill of by-gone days and made them realize how effective the cheerleaders are. "Laurie" will be greatly missed next year; the organization that he has established will fulfill his work.

Three cheers for Rockford High School!
Cheer, Rah! Rah! Rah!
We have the team boys
Cheer them Rah! Rah! Rah!
Faith in loyal fellows,
They shall not lack.
Cheer them, they fight for the Red and Black.

GO, ROCKFORD, GO!
Let us voice again our loyalty
In a stirring ringing cheer,
For the team that fights so splendidly,
For the colors we revere.
Chorus:
Hoo-rah! Rah! Rah! Go, Rockford Go!
Right at the foe! Go, Rockford Go!
Hoo-rah! Rah! Rah! Go, Rockford Go!
We're cheering, you're nearing the
Goal-line, Rockford, go!
Plunging, advancing, the ball never yield.
(Second time only)
(Yell) Oskee, wow, wow,
Skinnie, wow, wow,
Rockford High School, go!
Victory we must know.
(Yell) Rah! Rah! Rah!
Thru the line breaking,
A touchdown making.
(Second time only)
(Yell) Go! Rockford! Go!
Go! Rockford, Go! Go! Go!
See Rockford High School go!
Gay with black and crimson,
Join the crowd,
To this sweeping impulse yield;
Burst into enthusiastic cry
As the team trots on the field.

Charity Fights Draw Big Crowd!

Challenger Knocked Out in Fifth After a Hard Struggle

Blow-By-Blow Story of the Fight for the Championship of Burritt Township

A crowd of 57,348 fight fans jammed the high school auditorium to see the charity fights put on by promoter Marshall Kjellstrom last night. Much credit is due to him for the success of the bill. It was the largest crowd that ever witnessed an indoor fight. It proved decisively that the sport fans want boxing matches in this town.

Promoter Kjellstrom stated last night that more fights will be put on in the future. The total gate receipts were $1,239,099.44. Of this amount the Champion gets 40%; the challenger, 20%. The state gets a tax of 5%, and the Federal Government one of 10%. The promoter takes 75% of the remainder. The other fighters get 75% of the rest. Then some minor expenses will be deducted. The remaining $25.44 will be turned over to charity.

"Sock me" Gasslander, also known as Mr. Karl Gasslander, successfully defended his title last night by knocking out "Kid" Glenn Stocking, " the Lindenwood wonder," in a hotly fought bout that lasted for five hectic rounds. The champion was in fine condition for the scrap and made a most wonderful showing against his formidable foe. He proved decisively that he is the best heavyweight in Burritt township. He weighed in at 3:00 P. M. at exactly 212½ pounds. The weight of the challenger was 105¾ pounds. This shows that the challenger had a decided advantage over the title-holder. It was said that betting ran about 20 to 3 on the challenger.

In the first preliminary melee, Delphin Floberg, "the slugging confectioner" had a tough time knocking out Bill Carrico, "the mauling Swede," in six frames. The second fight brought Joe Schulein, "the fighting Irishman" against Bob St. John, "the pride of Sunny Italy." After ten fast rounds of milling the decision was given to Joe. In the third match, the two Haight brothers fought eight rounds as only a pair of brothers can fight. It looked as if Edward had the better of John. (Take that John). In the semi-windup "Jim" Marberry, Jr. "the little giant," knocked out Don Frisk, "the black tiger" in one round by a right hook to the pretty mush.

Round One

They sparred for an opening. "Gassy" put a right on the challenger's nozzle. The "Kid" placed a hard right on "Gassy's" jaw. They exchanged lefts to the body. "Sock Me" plowed through with a right hook that sent the "Kid" to the canvas. The bell saved him from being knocked-out.

Round was even.

Round Two

"Sock Me" rushed from his corner to meet the "Kid." "Socks cut loose a haymaker that sent "Sock Me" through the ropes and into the aisle. "Sock Me" crawled back into the ring. The champion let go of a right uppercut that would have committed murder had it but landed. It fell short of its mark. The challenger shot a stiff one to the champ's midriff. The champ showed signs of weakening. They fell into a clinch. The champion fell to the canvas. The bell rang.

Both trainers worked vigorously over their charges.

Does Bobbed Hair Cause Crime Waves in School Circles?

Marcel Waves, Permanent Water Waves— Why not Crime Waves?

An alarming preponderance of bobbed hair among the feminine students marked the reopening of school immediately after the second semester began. Many new modes of hair dressing were to be observed among the contingent of "Bobbies" such as the "shingling" mode.

An alarming increase in crime was observed by occupants of rooms 104 and 2. And even in the Aud. chewing gum, talking, whistling, and banana throwing, in fact, all distrubances increased with the advent of this new batch of shorn damsels. Observing the various types of hair dresses, Charles Kelly, pyschological authority, stated it was his opinion that in addition to their permanent waves, marcel waves, and similar atrocities, that these modern girls had instituted a style known as the "crime wave."

Upton E. Bartlett, a pathologist of note, said that in his opinion the reason for this alarming state of affairs lies in the fact that the girls, upon removal of their surplus hair, are so affected through the exposed surface of their heads that their brains are affected until they are incapable of functioning in a manner conducive to

(*Continued from Page* 157)

The champion was revived with smelling salts.

Round was even.

Round Three

The champ appeared first. He was feeling better and looked as if he would be able to go the twelve rounds that were scheduled. The champ sent a hard right to the solar plexus. It was evident that the blow was hard on dinner. He staggered and fell to the resined canvas. He took the count of seven. (Not from the force of habit though). He heroically struggled to his feet to continue. It was plainly visible that he couldn't last much longer. The champion failed to follow up his opportunity to knock the challenger for the proverbial "row." "Sock Me" sent a husky right to the challenger's heart by freight. It reached its destination after the one to whom it was sent was gone. It seemed as though the "kid" was getting stronger. He cut loose another "haymaker." This sent the fight king to his knees but he jumped up before the referee could begin to count. The gong blew as the "Kid" sent a left to the king's head.

It was the champion's round.

Round Four

We knew something was going to happen in this round. The fight sovereign dashed from his corner to meet the "kid." He shot a wicked "lunch-hook" to "Sock's" spout. A tiny stream of beautiful red issued forth from the injured member. "Sock Me" ploughed through with a healthy right to "Sock's" bread basket. "Socks" was certainly taking a lot of punishment. He, "Socks" (the ardent lover) fell forward and kissed the gory canvas. "Socks" rose as one would if he had sat down upon a red-hot stove. "Sock Me" sent a shower of uppercuts to the "kid's" tooth-rack. They stalled for a while and then, inseparable as a pair of "lovers," they fell naturally into a clinch. The bell rang as they parted.

This was also the king's round.

Round Five

The crowd called for action. The king worked the "kid" into a corner and told him not to be so rude. The "kid" smiled sublimely. Then the champ sent over a pair of lefts to the jaw. The sublime look disappeared. We just knew those boys would begin to fight. They did! The "kid" socked "Sock Me" in the right optic. The king violently placed his gloved fist against the "kid" in such a manner as to cause the "kid" to lose his equilibrium. The crowd began to sing "Kiss Me Again" and respectfully dedicated it to the champ. The "kid" rose blushing. "Sock Me" clouted him one on the beezer. Yes sir! He did kiss the canvas again! He took a swing after he got up, that would have sent a brass monkey into eternity. Horror of horrors! His fist struck the corner-post and he broke his wrist! The condition of the challenger was this: broken wrist, fractured jaw, cut over eye, and a badly bruised stomach. The champ rained blows so fast that a court stenographer couldn't have recorded them. The king sent over a Dempsey triple. He followed it with a tough right to the jaw. He sent another right but it arrived too late. The "kid" a battered hulk of humanity, reeled and fell to the canvas. The referee could have gone home and returned the next morning and still have had time to count him out. The referee counted him out and then raised the right arm of Karl Gasslander, significant of the king's success in defending his championship. The end of a perfect fight! Dr. Orville Hallock revived the challenger after two strenuous hours of work.

the good health of the nearby young men: Mr. Bartlett states that even he has been affected in the regions of the heart by a young blonde "Bobby." He states that blonde girls are more beautiful than brunettes.

"Lenny" Friberg rises to remark, however, that brunettes are as good looking as a person can desire. He says that he has personal experience to prove the fact. But he wanders from the subject.

Chief of Police Hallock, while personally preferring blondes, says by heck, that this sort of thing must and is gonna stop, by gum (Wrigley's). A companion room to room 2 will be established in which de-waving machines will be installed and operated by Leslie Dunlap. Girls, beware! The chief means business.

Senior Pictures Cause of Dismay

Gosh, talk about dizzy! The Senior sure get the "berries" for the awful results of their pictures. Ain't 'em awful? Anyway, according to what is overheard when one dilapidated and awful lookin' creature exchanges with another.

"Now honest, do I look like that?" asks Stan Wortman, quite a worthy Senior, in horror.

"Gosh, look at the freckles. Can't see another thing but those darn freckles!" says "Mac" MacEachran, one of these unfortunate creatures covered with small blotches. He may be glad they aren't *red!*

"Say! If that's what I look like, I'm going to commit suicide," declared desperate Delphin Floberg.

"Will you exchange pictures with me?" inquires Carl A. Pearson, ambitious collector.

The whole trouble seems to be that everyone would prefer to look otherwise than the way he does. Oh well, such is life! The grass on the other side of the fence always looks greener, you know.

Miss Black, a tall, slender, dark haired vamp, jaunted easily down the drag where she met Mr. Blackman who proved very easy for her. As they stood making eyes at each other the soft melodious notes of a Burd were heard and their attention was drawn to a Brown Brick house. At the side window a Workman was busily arguing with the Cook who was a fellow Countryman. The Cook had Divine eyes that sparkled like Diamonds, while the Workman had large Hands which had been hardened by the Frost in the fall while he toiled for his Golden Fortune. Suddenly there was a buzz and the Cook was reminded that she must prepare tea for Miss Payne who was entertaining Miss Gross. As the teakettle sang the love sick Cook dreamed of herself being the wife of a King whose Hart was as big as his Fairhead. With the King's Reitsches she bought costly Laces, which she used on her Short skirts, so as to give her Behr Stockings a Fresh breeze.

There is one special feature that R.H.S. has not and surely ought to have. That is a rose garden or a lounging room, situated on top of the fourth floor. This, I am sure everyone will agree with me, would be extremely entertaining and very convenient. Why, just imagine, we could have tables of Mah Jongg, Bridge, Dominoes, Tiddle De Winks, Flap Jack, Checkers, (perhaps Len Shanhouse's pa would give us a pretty plaid shirt) Fortune Telling, African Golf, (I know it would be popular) Red Poker and a sand pile for the Freshies. Between classes the pupils would dash up there in the elevator run by "Speedy" Pease and play their turn to see who gets crowned or who can make the prettiest sand house. Then back to class for another hour of work. This would relieve the weary and suffering student body. Oh! I almost forgot to tell you. Between 8:40 A. M. and 3:01 P. M. there would be a recess, when the children could lounge about on the Roof Garden, soothed by the melodious strains of the orchestra, led by Carl Pearson.

This roof Garden would be cosy and warm in the winter with 6 feet of snow on it. It, no doubt, would be a cool place in summer, with the hot sun casting its cool rays down upon it. This garden would give the old school all the finishing touches and comforts of home. Please vote for it at the Presidential election next November.

A Story Told in Songs

Last night when I was "Swinging Down the Lane" with the "Wonderful One", who is "Just a Girl that Men Forget," she sang "The One I Love Belongs to Somebody Else." It sure was a "Dreamy Melody." We saw "My Buddy" who had just been "Sitting in a Corner" with that "Red Headed Gal." He had those "Mean Blues" because his "Long Lost Mamma" who is also the "Beale Street Mamma," was going to make him spend "A Night in the Woods" underneath the "Indiana Moon." Instead he went and sat "On the Old Back Porch" "Beneath the Mellow Moon" with the "A Sensation."

She told him "I Love You," you are the "Cats Whiskers," "My Sweetie Went Away," maybe he is "Down on the Farm" or else "Back in Hackensack New Jersey."

Her mother noticed them and said, "No! No! Nora," I mean "Bebe" wait until "Tomorrow." Now "Sweetie Come Back" you mustn't "Tell Tales." You know you're the "Sunshine of Mine."

He wiped his feet on the "Tiger Rag" and started off

Noise of the Citizens Why There Should Not Be School

Now you know there shouldn't really be any school. Why? Well, because it doesn't do us any good. We absolutely know more when we enter school than when we graduate. It's of no use or value to any of us, because it is a waste of time and energy. They say every day, month, or year that one misses school docks him $10 a week in life's salary, but it really is not so. Why we all believe in Darwin's theory of Evolution. What is the use of trying to educate and make something out of ourselves that we are not supposed to be; it is of absolutely no use at all. If monkeys are monkeys why they are nothing but monkeys.

All the time we waste in school we could be out playing and keeping healthy, and not throw away all of our energy and thoughts on complicated problems, about the development of man. What do we care? We're here because we're here, now what's the difference. All this "cramming" and late hours before the "Finals" is nonsense; we forget it all either before or after the examination so what's the difference? What do you really get out of an education anyway? NOTHING! ! ! ! !

A. Nonymous.

How to be Contented Though in Love

Dear Bonnie:

Do you think it proper for boys to give "candy kisses" to girls at the lockers during the lunch hour?

Desperate Ed. Foltz.

Ans. Of course seeing they are only "candy kisses" there is no harm done, neither is there any scandal caused. But Edward be sure they are "candy kisses."

Dear Bonnie:

Why is it that all the girls think I am "hard?"

James Duesler.

Ans. James, I think it is because of your lower jaw.

Dear Bonnie:

Do you think that old-fashioned ways are as holding as the modern ones? Please tell me Bonnie, for I am worried. Alice Abney.

Ans. Well Alice that is a question that is much debated. For my part I believe in either just as long as he is satisfied. Furthermore, I think Bruce is fully satisfied with the good old-fashioned ways.

Dear Bonnie:

Why is it that they don't make lockers larger, room enough for two?

Effie Erickson.

Ans. It is a shame isn't it? Perhaps if you had Dale speak to Mr. Hanna it could be arranged for you.

Miss Helen Hart entertained a small group of friends at her home on the Pecatonica River. The guests spent the evening playing Packed Sardines.

Miss Mary Ann Zahm, the youngest debutante of the season will take a few of her friends with her on a cruise in her private yacht 'Phil." The itinerary will be between Shirland, Beloit and Rockford, in the river Rock.

Miss Alice Anderson, has accepted a postion on the staff of the New Milford Morning's Milk, a publication of four pages issued yearly. She is to be the assistant society editor. Her glaring hair and bright remarks shone for all while she was a "cub" on the staff of the R.H.S. Owl.

Good Advice for Freshmen

Compiled by
Miss Putnam and Mr. Hanna

1. Don't study your lessons; it isn't good form.
2. Don't ever come to a class meeting; it might embarrass the president.
3. Don't ever take a hard subject; it might do too much good.
4. Don't simply borrow a pencil or pen; take it, that's what others buy them for.
5. Never ask permission to speak; it annoys the teacher in charge.
6. Never sit up in a classroom; lie down, it's more comfortable.
7. Never walk slowly or quietly to class, run; that's what you're supposed to do.
8. Never hand a book to anyone, throw it; it causes more confusion and attracts more attention.

Effay Benyon: "Fords and Fairies."

Great Future for Girl Poet

Helen Divine Writes Poem that Will Become Famous

Miss Helen Divine, a student of R.H.S., has written a poem that will bring fame to her. The poem, "The Modern Lochinvar," was written by Miss Divine in a class at school two weeks ago. The poem has the style of an old master, the perfect meter of Tennyson, the genius of a poem by Poe, and the humor of Dickens. It is altogether, a combination of the great qualities of two generations of authors. We wish the young poet all success in years to come.

We have been given special privilege by the author to print it.

The Modern Lochinvar

'Twas noon by the clock in the city hall
When Lochinvar raced down the street,
Through all the big city his car was the best,
It equalled a whole navy fleet.

His lady was fair, as flappers are,
But faithless and cold was she
For she promised the man of her father's choice,
When Lochinvar's wife she had promised to be.

He raced to the door, he leapt out of the car,
Through the wedding guests rushed he,
For there was not a minute to spare
'Till another man's wife she would be.

The bride's brave father stood in the door
As dauntless and brave as a bear.
"What do you want, you cake-eating Sheik,
With your slick Shivrolaed hair?"

"I wooed your daughter for three whole weeks,
I love her next to myself,
Now at her wedding I come to dance,
Before she is put on the shelf."

They cranked the phonograph, cleared the floor,
And watched with amazement these two,
As they danced with incredible rhythm and rhyme,
To the tune of Louisville Lou.

She looked not up, she looked not down,
And she winked as he whispered into her ear,
But she looked him straight in the eye,
"Come, Sheba, let us fly."

He caught her into his arms, he did,
She weighed one-hundred four,
And leaping gracefully out of the room,
Hit straight for the car's open door.

He stopped not for brake, he stopped not for gear,
But he had to stop to crank,
And that wonderful engine stalled again,
In spite of his blankety-blank.

The wedding guests in hot pursuit
Rushed out in a frenzied bunch,
But the poor craven bride-groom said never a word,
He stopped to drink some punch.

At last the engine decided to go,
So with many a clank and a rattle,
They raced down that well-known street,
From the scene of a would-be battle.

Her father searched for them many a week,
But his efforts were all for naught,
For the only trace he gets of them now,
Are the bills for the things they've bought.

And that is the end, or beginning we say
Of many a household war,
But in all your knowledge of present and past
Have you e'er heard of a sheik like young Lochinvar?

Heavies of '23

The snow will soon be with us now,
And all the fans are blue,
The shield was nearly won, their last,
The season's almost through.

The togs will soon be packed away,
There's still some more to say,
And that's to razz the referee
For what he did that day.

The boys aren't on top this year.
But for that there is a reason,
They had hard luck from head to foot,
And were crippled throughout the season.

It wasn't charlie Beyer's fault,
For a wonderful coach is he,
And what he made from the boys he had,
Was the best I e'er did see.

He had a backfield of very light boys,
That could just come along,
But after some of Beyer's coaching,
They finished very strong.

At first it was the "Charlie Horse,"
Then bad shoulders they had.
And afterwards the "Rifs" were off,
Which spoiled the chance they had.

But wait and see them next year, boys,
For I have got a hunch,
That we will beat the dickens
Out of the whole entire bunch.

The old boys will regain their stride,
The young ones too will tell,
And when we win we'll all join in
And celebrate—oh, well!

CLIFFORD NELSON.

What is Wrong With These Jokes?

Co-Ed: "Aren't men's society pins the silliest things? I wouldn't be seen wearing one"

Editor (to writer submitting manuscript): "Here's a check for a thousand dollars."

Sheba (to escort): "Oh, do look, Jack, at that beautiful girl! Hasn't she pretty ankles?"

Man (to taxi driver): "How much is the bill?"

Taxi Driver: " A dollar and a half."

Man: "I'm afraid I've only a five dollar bill in change."

Taxi Driver: "Oh, just forget about it. What's a dollar and a half? You can pay me when you see me some time."

Visitor: "Here little girl, is a quarter to buy some candy with."

Young One: "Oh, no. I never eat candy or accept money from strangers."

Hubby: "I'm going to buy a car. What kind would you like, dear?"

Wife: "Oh, use your own judgment, dear. I'm not at all particular."

Whizzy—Dizzy

Safe Offer

Bilkins had no love for his wife's little pet dog, but one day when it mysteriously disappeared he offered $25 reward for its recovery.

"But I thought," said a friend, "you hated that dog like poison?"

"So I did," replied Bilkins; "I could not bear it!"

"Then why on earth did you offer such a big reward for its return?"

"I like to please my wife."

"Well, that may be, but twenty-five dollars is sure to bring the dog back!"

"I think not," answered Bilkins, "unless someone saw me bury it in the garden."

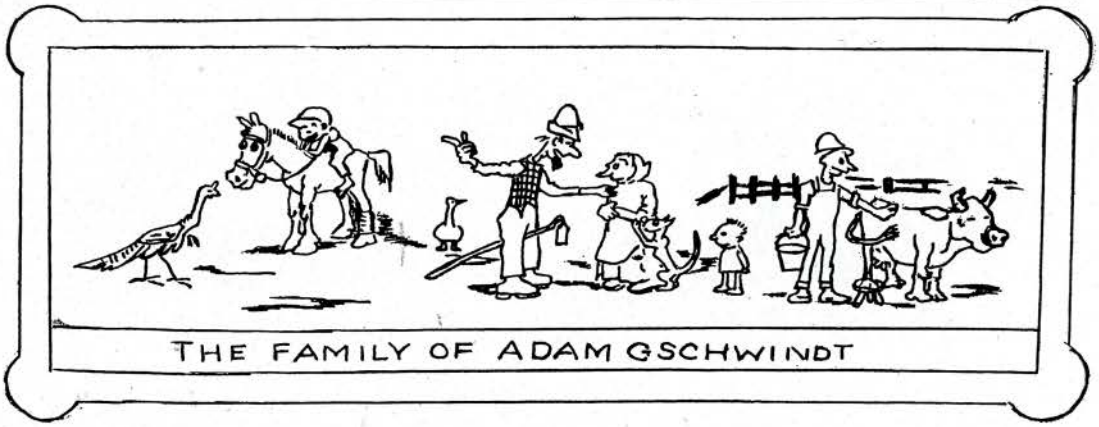

That's Right, Wallie!

Mrs. Countryman: "Wallie, where are your manners?"

Wally: "Well, if I waste them now I won't have any when company comes."

Some Cow:—Harry Mahan has bought a cow and is now supplying his neighbors with butter and fresh eggs.

Freshmen are Improving

Freshie (at Burr's Grocery): "Say Mister, give me a pound of oysters."

Dealer: "We sell oysters by the measure, my boy, not by the pound."

Freshie: "Well, then gimme a yard."

In Class

Miss Obye: "Who was Beelzebub?"

Bright Student: 'He was the horse Tam O'Shanter rode."

Stop, Look, Listen!

The reflective man stopped to read the railroad warning.

"Those three words illustrate the whole scheme of life," said he.

"How?"

"You see a pretty girl; you stop; you look; after you marry her you listen."

Try This

Chase wild bullfrogs for three miles and gather up the hops. To them add ten gallons of tan bark, half a pint of shellac and one bar of home-made soap. Boil thirty-six hours, then strain through an I.W.W. sock to keep it from working. Add one grasshopper to each pint to give it a kick. Pour a little into the kitchen sink. It it takes the enamel off it is ready for bottling.

Try This on Your Comb!

The Seat of the Trouble

A little girl was spending her first night from home. As the darkness gathered she began to cry. The hostess asked, "Are you homesick?"

"No," she answered, I'm here-sick."

The Console Model

Is one of the most useful styles. Closed, it is a console table deserving of a place in the most finely appointed home—opened, with the head still encased you have a beautiful luncheon table. When used for sewing, the lid tipped back, serves as a cutting table. No home is complete without a Free-Westinghouse.

What Luck

Pedestrian: "That's an awful poor looking horse you have there."

Cabby: "Yeh, you see it's this way, sir. Every morning I toss him to see whether he gets his hay or I get my beer, and would you believe it, that unlucky horse has lost for six mornings straight."

Man?

The greatest study of man is man, and the greatest place to study man is at a high school. One can find the he-man, the cake-eater, the athlete, the student and the wearer of bell-bottomed trousers. But the most obnoxious are the hand-waver and the hand-shaker.

Freshmen are naturally hand-wavers, but with good training and careful watching they generally outgrow it. In severe cases, the hand-waving complex degenerates into hand-shaking. In such a case, there is little hope—the student will turn into a politician or an organizer of societies, unless so stringent a cure as being defeated for class president is applied.

Doctor Coué is now working on the question, and it is possible that in time the disease will pass out of existence.

He Won Two

He: "If one is sitting beside a pretty girl (as I am), and one cares deeply for her (as I do), and one is very, very good (as I try to be), might one ask for just one kiss?"

She: "Oh, but one never does!"

He: "Well, I won't object to two!"

Clothes as an Educational Factor

When your daughter goes to high school, you can so direct the way she dresses that she may easily get education out of her clothes as she does out of her Algebra or Latin grammar. It's a form of education that the teachers can't help on very much; that's for you to do. Smart style isn't costly; it's easy to have; it educates. Simple materials inexpensively made-up are another thing; they cultivate simplicity of thought; it helps democracy of spirit; all these educate.

We'll do whatever we can to help you to the right things

DIRECT SUBTRACTION

In no other adding machine in the world will you find direct subtraction combined with portability, 10-key speed and convenient desk size.

Sundstrand's unique record of sound progress clearly establishes its leadership in adding machine improvement.

The first Sundstrand, brought out a decade ago, was years ahead of its time. Today Sundstrand heartily acknowledges the compliment of wide imitation as being the sincerest form of flattery.

The Long-wanted Feature
Direct Subtraction

Subtracting with the Sundstrand is as easy as adding and multiplying. To subtract any item, simply depress the subtraction key, either before or after the item is set-up in the keyboard. Amount subtracted appears with 100% printed proof like this, "42769-." Total in machine is reduced by just that amount. Nothing to "think" about. No rules to learn. Ideally simple —speed itself.

His Ship Comes In

For hours they had been together on her front porch. The moon cast its tender gleam down on the young and handsome couple who sat strangely far apart. He sighed. She sighed. Finally, "I wish I had money, dear," he said. "I'd travel."

Impulsively, she slipped her hand into his; then, rising swiftly, she sped into the house.

Aghast, he looked at his hand. In his palm lay a nickel.

I Ask You Did You Ever?

Did you ever see a girl whose eyes were brighter than sapphires, whose hair was finer than silk, and with the advertisement, a skin you love to touch, whose form made Venus look like a washerwoman, who thrilled every nerve in your body and gave your heart St. Vitus dance, and after much indecision you tighten your tie and asked her in a husky voice to dance. And she replied with a crack of her quid, "I ain't dancin' this here one, on account o' me corns."

Did you ever?

Which Way Are You Going?

Industry has an opening for you if you are interested and know how to persevere: if you can contribute to Industry either manual or clerical skill, along with exact knowledge, intelligent observation, and a capacity for intensive effort in your work.

Are you developing such a capacity or are you the kind who does not expect to return anything to society but who expects luck to prosper him somehow? Are you learning at home and in school to carry responsibility or do you "let George do it?" We hope you are learning, for Industry needs young men and women who can and who will carry it, and to such, Industry offers the opportunity you want, to make good.
